CURRICULUM AND ACTIVITY BOOKLET

KG1 English

Kindergarten One

Little Explorers

AGES 3 TO 4

30 weeks • 10 units • 90 short lessons

Play, discover and communicate

Prepared by: Ms. Amina Qatan

2026

FOR TEACHERS AND FAMILIES

About this book and contents

This curriculum builds KG1 children's understanding and use of English through sensory experiences, play and routines. Each unit includes nine short lessons, three child activity pages, a story, a chant and practical tasks. An adult reads the text; children respond through movement, pointing or speech.

Ages three to four are a suggested guide. Readiness determines where to begin and how quickly to progress. This booklet follows nursery listening experiences and develops choices and short phrases. KG2 builds description and sound awareness, followed by gradual reading in pre-primary.

Unit	Topic	Pages
1	Hello in Our Classroom	7–13
2	Me and My Family	14–20
3	My Moving Body	21–27
4	Feelings and Comfort	28–34
5	Colours and Shapes	35–41
6	Toys and Their Places	42–48
7	Food and Numbers	49–55
8	Animals Around Me	56–62
9	Clothes and Routines	63–69
10	Nature and Weather	70–76

Approach, routines and yearly plan: 3 to 5 | My personal page: 6

Picture cards: 77 to 81 | Sorting and counting mats: 82 and 83 | Sequencing: 84

Observation: 85 | Families: 86 | Activity answers: 87 | Listening games: 88

References and preparation: 89 | Participation certificate: 90

REAL OBJECTS BEFORE PICTURES AND SYMBOLS

Montessori inspired learning

Place two or three complete activities on a low shelf. Demonstrate slowly, then let the child choose, repeat and return the materials. Avoid interrupting concentration simply because the suggested time has ended. This resource draws on Montessori principles; it is not an officially accredited Montessori curriculum. (1)

The three period lesson

Stage	What to do	What to say
Name	Present two or three objects. Point and name each one, then allow time to look and touch.	This is a book. This is a cup.
Recognise	Ask the child to choose or move an object. Change its position and spend most of the lesson at this stage.	Show me the book. Put the cup here.
Recall	Once recognition is secure and the child is interested, invite naming. If unsure, calmly model the name again.	What is this? A book.

Independent work and self checking

Provide a matching example, a shape outline or a photograph of the arranged materials. The child tries, compares and adjusts. Begin sorting by one feature at a time, keeping colour, size and shape challenges separate. An adult pointing out the answer is not self-checking. (1)

Enrichment activities

Puppets, funny situations, chants, stories and group games enrich language learning. They are distinct from the Montessori-inspired practical life and matching tasks. Child pages revisit an experience after children have handled the objects or performed the action.

Safety and home language

Use large materials, non-toxic supplies, a safe mirror and unbreakable cups. An adult cuts cards and supervises use. Avoid beads and small grains. Never require tasting food or wearing an item. Accept the child's home language and gestures, then model a short English phrase.

A FLEXIBLE PLAN FOR DIFFERENT LEARNERS

Lesson routines and readiness

Offer three short English lessons each week, lasting around 12 to 18 minutes or less as needed. On the other two days, revisit language through play, snack time and tidying. This timing describes a short language lesson, not the full independent work cycle or school day.

Part	Suggested time	What happens
Welcome and recall	2 to 3 minutes	Greet children and revisit a familiar object or movement.
Demonstration	2 to 3 minutes	Introduce two objects or three words with a short, clear model.
Explore and repeat	5 to 8 minutes	Children try the steps, choose and compare at their own pace.
Story and closing	2 to 4 minutes	Share a story line or chant, return materials and notice a success.

Content priorities for KG1

Prioritise following one instruction, requesting objects and help, naming things children see, and taking two turns in a conversation. Reuse phrases in different situations. Introduce a few unit words at a time; the list is a language bank, not a memorisation target. (2)

Readiness for reading and writing

Begin with listening, rhythm, syllables in names, repetitive stories, page turning and free drawing. Offer oral rhyme and initial-sound games when children are ready. An interested child may connect a sound with a letter in their name; an alphabet course and word copying are not required.

Observation and support

Record an actual response, its date and the support provided. Begin with two choices and a model, reduce pointing, then offer a new example. Add challenge after success in several situations. Postpone any step that does not suit the child. Use no grades, formal tests or comparisons between children.

Everyday classroom phrases

Choose one. Your turn. Help me, please.
Please. Thank you. Put it back.

THIRTY WEEKS OF CONNECTED LEARNING

The yearly plan

Weeks	Unit	Key phrase
1–3	Hello in Our Classroom	Hello. I am …
4–6	Me and My Family	This is me.
7–9	My Moving Body	Touch your head.
10–12	Feelings and Comfort	I am happy.
13–15	Colours and Shapes	It is red.
16–18	Toys and Their Places	Where is the ball?
19–21	Food and Numbers	An apple, please.
22–24	Animals Around Me	It is a duck.
25–27	Clothes and Routines	My hat.
28–30	Nature and Weather	It is sunny.

Week one

Introduce a few words through real objects, then matching and exploration. Revisit greetings and requests for help every week.

Week two

Develop listening, turn-taking and practical life skills. Reuse words through sorting, movement and independent choice.

Week three

Use the story, playful situations and a new context. Lesson nine observes progress during play. Repeat the unit or selected lessons as needed.

Use the three child pages after real experiences and according to the child's interest. They need not be completed in one sitting. Adjust the weekly plan to the institution's calendar and holidays.

MY KG1 ENGLISH

UNIT 1 | TEACHER GUIDE

Hello in Our Classroom

Weeks 1 to 3 / Hello Together

Observable goals

Language: Selects a book or chair when named and joins in a greeting or short request.

Practical skills: Carries a book with both hands and returns it to the place shown in a picture.

Words and phrases

hello • goodbye • book • chair • sit • stand

Hello. I am …

A book, please.

Thank you.

Materials and alternatives

A mat, real book, chair, large soft puppet and basket. Alternatives: a clean towel and clear picture.

Add the materials named in each lesson, such as a box, puppet or cloth. Use the supplied pictures or classroom objects in place of costly models. Read enrichment vocabulary as needed without requiring children to memorise it.

Independent choice and self checking

The child places two pictures over matching copies, then returns the book to its pictured place.

Adjusting for readiness

Support: Offer two choices and point as you speak. Naming is optional.

Extra challenge: Invite a request for a ball or a short phrase when offering a book to a friend.

Two or three minutes at home

Exchange greetings. Let the child request one of two books and return it after looking through it.

Child pages: 11 to 13. Use pictures after objects or actions. Cards: 77 to 81. Print extra copies for matching pairs.

UNIT 1 | NOTICE AND EXPLORE

Week 1

Each lesson is a separate, flexible 12 to 18 minute encounter using the routine on page 4.

Lesson 1 Meet the book and chair

1. Place a book beside a chair. Point and name each twice.
2. Ask the child to touch the book, then point to the chair. Move the book to a new position.
3. Show how to carry the book with both hands and return it. Let the child try and repeat.

This is a book. Show me the book.

Observe: Does the child select the book after its position changes?

Lesson 2 Sit and stand

1. Model sitting and standing slowly, saying each action.
2. Ask for one movement and wait. Offer a puppet or arm movement as an alternative.
3. Let the child choose a movement for you to copy, then return the puppet to the basket together.

Sit down. Stand up.

Observe: Does the child connect the instruction with the movement without immediately copying?

Lesson 3 Choose and ask

1. Show a familiar book and ball. Name both choices.
2. Model asking for the book. Accept a gesture and model its meaning in a short phrase.
3. After using the book, match it to its card and return it together.

A book, please. Here you are.

Observe: Does the child initiate a meaningful request or gesture?

Between lessons: Name materials as they are used and repeat one instruction during routines.

UNIT 1 | PRACTISE AND TAKE TURNS

Week 2

Each lesson is a separate, flexible 12 to 18 minute encounter using the routine on page 4.

Lesson 4 Greet the puppet

1. Wave to the puppet, say hello and introduce yourself, then offer it to the child.
2. Let the child choose to wave, say their name or simply listen.
3. Pass the puppet to a familiar person. Repeat the greeting, then say goodbye.

Hello. I am Ahmad. Goodbye.

Observe: Does the child join a familiar greeting in their own way?

Lesson 5 Listen for my name

1. Say the child's name gently, then the puppet's name. Ask the child to wave on hearing their own name.
2. Repeat with enough waiting time, without raising your voice or adding music.
3. Let the child call the puppet, then choose a book for them to look at together.

Hello, Zahraa. Hello, Ahmad.

Observe: Does the child recognise their own name in a short game?

Lesson 6 Where is the book

1. Place a book picture and chair picture in front of the real objects.
2. Model one match, then swap the cards so the child can check them.
3. Let the child choose matching or returning books and repeat independently.

Find the book. Put it here.

Observe: Does the child compare picture and object and correct a match?

Between lessons: Leave a familiar activity on the shelf and gradually reduce help.

UNIT 1 | TELL AND USE

Week 3

Each lesson is a separate, flexible 12 to 18 minute encounter using the routine on page 4.

Lesson 7 Tell and act

1. Read the unit story slowly, pointing to the pictures.
2. Model asking for the book with the puppet. Give the child the role of offering it.
3. Repeat the story, pausing before a familiar word. Accept pointing as a response.

A book, please. Thank you.

Observe: Does the child join in with a word or movement at the right moment?

Lesson 8 A book on the puppet

1. Playfully place the book gently on the puppet's head.
2. Ask about the book, then model carrying and opening it appropriately.
3. Let the child help the puppet and choose where to return the book from two pictures.

A hat? No, a book! Put it back.

Observe: Does the child use familiar knowledge to help the puppet?

Lesson 9 Words in a new corner

1. Move to another shelf with a different book and chair.
2. Give one instruction without modelling, then invite a request for the book.
3. Record the response and support. Finish with a greeting and the child's favourite choice.

Show me the chair. A book, please.

Observe: Does the child transfer understanding to new objects?

Between lessons: Repeat a story the child chooses and record a new example of understanding or communication.

UNIT 01 / LOOK AND TALK

Hello Together

Hello. Let us play.

hello

book

chair

Hello. I am …

An adult reads. Look, point and talk together. Choose a few words at a time.

UNIT 01 / TRY WITH REAL THINGS

Play and discover

1 Find the same things.

2 Ask for one.

A book, please. Thank you.

An adult reads each task. You may point, move objects or make marks. Ask for help whenever you need it.

UNIT 01 / AN ADULT READS ALOUD

Story and make

Hello. I am Ahmad.

A book, please.

Thank you.
Goodbye.

1 Find the book.

2 Follow the path with your finger.

Chant together

Hello, hello. A book for me.
Please and thank you. One, two, three.

Point, talk or draw. There is no single right answer for your own picture.

UNIT 2 | TEACHER GUIDE

Me and My Family

Weeks 4 to 6 / Me and My Family

Observable goals

Language: Points to a familiar person and uses a word or phrase about themselves or their family.

Practical skills: Matches two pictures and cares for a chosen photograph.

Words and phrases

me • mum • dad • baby • family • home

This is me.

This is my family.

This is my …

Materials and alternatives

A photograph of family or caregivers, a safe mirror and two matching pictures. Alternative: family drawings chosen by the child.

Add the materials named in each lesson, such as a box, puppet or cloth. Use the supplied pictures or classroom objects in place of costly models. Read enrichment vocabulary as needed without requiring children to memorise it.

Independent choice and self checking

The child matches pictures of people to identical copies. The family photograph is only an example; welcome every family structure.

Adjusting for readiness

Support: Use one familiar photograph, or a puppet instead of a personal photograph.

Extra challenge: Introduce two people using two short phrases.

Two or three minutes at home

Look at a photograph the child chooses. Name one person and invite the child to point or add a word.

Child pages: 18 to 20. Use pictures after objects or actions. Cards: 77 to 81. Print extra copies for matching pairs.

UNIT 2 | NOTICE AND EXPLORE

Week 4

Each lesson is a separate, flexible 12 to 18 minute encounter using the routine on page 4.

Lesson 1 This is my family

1. Show a family photograph. Use the child's preferred names for their caregivers.
2. Introduce two words, such as mum and dad, while pointing. Avoid assuming one family structure.
3. Ask the child to point to the named person, then place the photograph in its holder.

This is my family. This is Mum.

Observe: Does the child connect a familiar word with a person in the photograph?

Lesson 2 Matching pictures

1. Prepare two copies of a family picture and two copies of a house picture.
2. Model placing matching copies side by side.
3. Let the child match the remaining pictures, compare details independently and put them away.

Find the same picture. My family.

Observe: Does the child notice similarities after the pictures are rearranged?

Lesson 3 Me in the mirror

1. Offer a safe mirror. Name yourself, then the child with their permission.
2. Model pointing to yourself and then to the family photograph with a short phrase.
3. Let the child freely draw themselves or choose a photograph for their activity page.

This is me. I am Zahraa.

Observe: Does the child point to themselves or use their name?

Between lessons: Name materials as they are used and repeat one instruction during routines.

UNIT 2 | PRACTISE AND TAKE TURNS

Week 5

Each lesson is a separate, flexible 12 to 18 minute encounter using the routine on page 4.

Lesson 4 Who is in the picture

1. Review two words. Add baby if it is clearly shown in the picture.
2. Ask the child to find the person from two pictures. Repeat recognition before asking for a name.
3. Invite a word or phrase. Accept silence and model the language again.

Show me the baby. This is my family.

Observe: Does the child recognise the intended person without pressure to speak?

Lesson 5 Clap our names

1. Say the child's name naturally, then clearly clap its syllables.
2. Let the child copy the rhythm or gently tap their knees.
3. Compare the rhythms of two familiar names. Do not require syllable counting or writing.

Listen. Clap with me.

Observe: Does the child copy a short rhythm and notice a difference?

Lesson 6 Care for a photograph

1. Put a photograph in a clear sleeve and a dry cloth on a tray.
2. Demonstrate wiping the sleeve and standing the photograph in its place.
3. Let the child choose a photograph and repeat. Provide a model picture for checking its position.

My picture. Put it here.

Observe: Does the child complete the task and return the cloth?

Between lessons: Leave a familiar activity on the shelf and gradually reduce help.

UNIT 2 | TELL AND USE

Week 6

Each lesson is a separate, flexible 12 to 18 minute encounter using the routine on page 4.

Lesson 7 Read the family story

1. Read the unit story, then ask about a person or family in the pictures.
2. Let the child choose a person to greet in role-play. Sharing personal information is optional.
3. Repeat the sentences with the child or puppet, then choose a favourite picture together.

Hello, family. This is me.

Observe: Does the child respond to a question about a story picture?

Lesson 8 The puppet greets a house

1. Make the puppet greet the house picture as if it were a person.
2. Show the family and house pictures. Invite the child to help the puppet choose.
3. Model an appropriate greeting, then swap roles if the child wishes.

Hello, house! Where is the family?

Observe: Does the child distinguish a person from a place during play?

Lesson 9 Introduce a picture

1. Let the child choose a family photograph or classroom drawing.
2. Invite the child to point to a person, name them or say a phrase.
3. Record the actual words and level of support, then put the picture away together.

This is my family. This is my …

Observe: Does the child express personal meaning through a choice or word?

Between lessons: Repeat a story the child chooses and record a new example of understanding or communication.

UNIT 02 / LOOK AND TALK

Me and My Family

We are together.

family

me

home

This is me.

An adult reads. Look, point and talk together. Choose a few words at a time.

UNIT 02 / TRY WITH REAL THINGS

Play and discover

1 Find the same family.

2 Draw someone who cares for you.

This is my …

An adult reads each task. You may point, move objects or make marks. Ask for help whenever you need it.

UNIT 02 / AN ADULT READS ALOUD

Story and make

This is Zahraa.

This is her family.

They are at home.

1 Find the home.

2 Draw yourself near your family.

Chant together

Me and my family, here we are.
Wave hello, near and far.

Point, talk or draw. There is no single right answer for your own picture.

UNIT 3 | TEACHER GUIDE

My Moving Body

Weeks 7 to 9 / My Body Moves

Observable goals

Language: Follows one movement instruction and names a body part or familiar action.

Practical skills: Chooses a comfortable movement and stops at the stop signal.

Words and phrases

head • hand • foot • clap • jump • stop

Touch your head.

I can clap.

Stop.

Materials and alternatives

A safe mirror, mat, large puppet, movement cards and cloth. Alternatives: the child's own body and the teacher's actions.

Add the materials named in each lesson, such as a box, puppet or cloth. Use the supplied pictures or classroom objects in place of costly models. Read enrichment vocabulary as needed without requiring children to memorise it.

Independent choice and self checking

The child matches an action card to a picture model. Actions may be performed while seated.

Adjusting for readiness

Support: Present only two body parts and offer seated actions or puppet movements.

Extra challenge: Give two successive instructions once a single instruction is secure.

Two or three minutes at home

Play a one-minute clap-and-stop game. Let the child choose a safe movement for you to copy.

Child pages: 25 to 27. Use pictures after objects or actions. Cards: 77 to 81. Print extra copies for matching pairs.

UNIT 3 | NOTICE AND EXPLORE

Week 7

Each lesson is a separate, flexible 12 to 18 minute encounter using the routine on page 4.

Lesson 1 My head and hand

1. Point to your head, then your hand, naming each clearly.
2. Ask the child to point to the named body part on themselves or the puppet.
3. Change the order of the two requests, then let the child lead one movement.

Touch your head. Show me your hand.

Observe: Does the child distinguish the body parts when the request order changes?

Lesson 2 My moving foot

1. Show the puppet's foot, then point to your foot while keeping the child comfortable.
2. Introduce foot, then review head and hand with separate instructions.
3. Finish with gentle foot tapping or an alternative hand movement.

This is a foot. Tap your foot.

Observe: Does the child connect the word with the correct body part?

Lesson 3 Clap and stop

1. Model clapping, then stopping with a clear silence.
2. Give one instruction at a time. Let the child watch or join in.
3. Offer clap and sit cards so the child can choose an action, then put the cards away.

Clap. Stop.

Observe: Does the child stop on hearing the word?

Between lessons: Name materials as they are used and repeat one instruction during routines.

UNIT 3 | PRACTISE AND TAKE TURNS

Week 8

Each lesson is a separate, flexible 12 to 18 minute encounter using the routine on page 4.

Lesson 4 I can move

1. Demonstrate a small, safe jump or a seated alternative.
2. Name the action. Let the child choose and try a movement they can do.
3. Model an ability phrase linked to what the child actually did.

I can jump. I can clap.

Observe: Does the child choose an action and describe it with a word or phrase?

Lesson 5 Listen to the rhythm

1. Clap once and wait for the child to copy if they wish.
2. Try two slow claps and a pause. Avoid increasing the difficulty too soon.
3. Let the child make a rhythm for you to copy, then finish with stop.

Listen. Clap, clap. Stop.

Observe: Does the child copy a rhythm of one or two movements?

Lesson 6 Care for my hands

1. Place a clean towel and hand picture near the usual handwashing area.
2. Review hand. Model drying hands after supervised handwashing.
3. The child folds and returns the towel, using a picture of its place if needed.

My hands. Dry your hands.

Observe: Does the child follow a self-care step with appropriate support?

Between lessons: Leave a familiar activity on the shelf and gradually reduce help.

UNIT 3 | TELL AND USE

Week 9

Each lesson is a separate, flexible 12 to 18 minute encounter using the routine on page 4.

Lesson 7 A movement story

1. Read the story and act out each action, then repeat without acting.
2. Let the child choose a clap or sit card and respond to the spoken instruction.
3. Rearrange two cards. Provide a spoken model for the child to act out their sequence.

I can clap. Now I stop.

Observe: Does the child connect a story phrase with a movement?

Lesson 8 A muddled puppet

1. Make the puppet point to its foot when it hears head.
2. Invite the child to show the correct body part on themselves or in a picture.
3. Swap roles. Keep the joke about the puppet and avoid labelling the child's responses as wrong.

My head? Show me your head.

Observe: Does the child check a body word's meaning in a new situation?

Lesson 9 The child leads

1. Offer three cards or demonstrate three familiar puppet movements.
2. Give two separate instructions, then let the child choose an action to lead.
3. Record what the child understood without a model. Finish with a favourite movement.

Show me your hand. I can clap.

Observe: Does the child understand a familiar instruction and make an independent choice?

Between lessons: Repeat a story the child chooses and record a new example of understanding or communication.

UNIT 03 / LOOK AND TALK

My Body Moves

I can move.

hand

clap

jump

Touch your head.

An adult reads. Look, point and talk together. Choose a few words at a time.

UNIT 03 / TRY WITH REAL THINGS

Play and discover

1 Listen and move.

clap

jump

sit

Clap. Stop. Sit down.

2 Draw around your hand.

An adult reads each task. You may point, move objects or make marks. Ask for help whenever you need it.

UNIT 03 / AN ADULT READS ALOUD

Story and make

This is my hand.

I can clap.

Now I stop.

1 Show me the hand.

2 Draw a movement you like.

Chant together

Clap your hands. Tap your feet.
Stop and smile. Take a seat.

Point, talk or draw. There is no single right answer for your own picture.

UNIT 4 | TEACHER GUIDE

Feelings and Comfort

Weeks 10 to 12 / Feelings and Care

Observable goals

Language: Distinguishes two pictured expressions and requests help with a gesture or phrase.

Practical skills: Chooses a comfort item and returns it with suitable support.

Words and phrases

happy • sad • tired • calm • help • rest

I am happy.

Help me, please.

A rest, please.

Materials and alternatives

A safe mirror, feeling cards, cushion and quiet corner. Alternatives: the teacher's facial expressions and familiar pictures.

Add the materials named in each lesson, such as a box, puppet or cloth. Use the supplied pictures or classroom objects in place of costly models. Read enrichment vocabulary as needed without requiring children to memorise it.

Independent choice and self checking

Matching faces is an independent activity. The child's choice of feeling is personal and has no model answer.

Adjusting for readiness

Support: Use two clear pictures and accept silence and pointing.

Extra challenge: Choose a feeling for the puppet and suggest a need or way to help.

Two or three minutes at home

Model asking for help with a puppet. Respond to the child's real request, whether expressed by gesture or phrase.

Child pages: 32 to 34. Use pictures after objects or actions. Cards: 77 to 81. Print extra copies for matching pairs.

UNIT 4 | NOTICE AND EXPLORE

Week 10

Each lesson is a separate, flexible 12 to 18 minute encounter using the routine on page 4.

Lesson 1 Meet two faces

1. Show happy and sad cards. Name the expressions without judging them.
2. Model the puppet's two expressions and ask the child to match each card.
3. Let the child point or simply look. Talking about their own feelings is optional.

Happy. Sad. Show me happy.

Observe: Does the child recognise the expression in the puppet picture?

Lesson 2 The puppet is tired

1. Make the puppet yawn. Place a cushion and book nearby.
2. Introduce tired and a phrase about resting, then invite a choice of what the puppet needs.
3. Let the child place the cushion in the quiet corner and return it after use.

I am tired. A rest, please.

Observe: Does the child connect tiredness with a request to rest in the story?

Lesson 3 Match expressions

1. Lay out three feeling cards and their copies in a different order.
2. Model matching one pair by looking at the eyes and mouth.
3. Let the child match and compare the copies. Avoid giving away the answer through colour.

Find the same face.

Observe: Does the child check picture details when matching?

Between lessons: Name materials as they are used and repeat one instruction during routines.

UNIT 4 | PRACTISE AND TAKE TURNS

Week 11

Each lesson is a separate, flexible 12 to 18 minute encounter using the routine on page 4.

Lesson 4 Ask for help

1. Make the puppet try opening an easy-to-open bag, then pause.
2. Model asking for help and responding. Calmly repeat the scene.
3. Let the child make a real request by gesture or phrase. Give help promptly.

Help me, please. I can help.

Observe: Does the child initiate a request for support when needed?

Lesson 5 A gentle voice

1. Say a short sentence softly, then at a comfortable normal volume.
2. Let the child choose a voice for the quiet corner and copy it if they wish.
3. Share a brief silence and arrange the cushion. Never use quiet time as a punishment.

A quiet voice. I feel calm.

Observe: Does the child notice a change in tone of voice?

Lesson 6 Choose what helps

1. Offer two familiar choices, such as a quiet book and cushion.
2. Name both, wait for the child's decision and allow time with the chosen item.
3. Return the item using a picture of its place. Do not correct the child's choice of feeling.

A book or a rest? I need help.

Observe: Does the child make a choice and express a need?

Between lessons: Leave a familiar activity on the shelf and gradually reduce help.

UNIT 4 | TELL AND USE

Week 12

Each lesson is a separate, flexible 12 to 18 minute encounter using the routine on page 4.

Lesson 7 A helpful friend

1. Read the feelings story, pausing briefly to notice responses and gestures.
2. Ask what the character requested, then model a response with the puppet.
3. Let the child suggest a suitable way to help. Hugs or touching are not required.

Help me, please. I am here.

Observe: Does the child recognise a request for help in the story?

Lesson 8 Resting while standing

1. Make the puppet hold the cushion and try to rest while standing.
2. Show a comfortable place and invite the child to help the puppet choose it.
3. Let the child choose a card for the puppet's possible feeling. Accept a reasonable explanation.

I am tired. Where can I rest?

Observe: Does the child suggest a suitable response to the puppet's need?

Lesson 9 Communicate my way

1. Offer feeling cards and a choice of help or rest during natural play.
2. Watch the child's choice. Ask once and wait without pressing for an answer.
3. Record an actual word, gesture or action, then return to play.

How do you feel? Help me, please.

Observe: Does the child express a need through a picture, movement or phrase?

Between lessons: Repeat a story the child chooses and record a new example of understanding or communication.

UNIT 04 / LOOK AND TALK

Feelings and Care

We can ask for help.

happy

sad

tired

I am happy.

An adult reads. Look, point and talk together. Choose a few words at a time.

UNIT 04 / TRY WITH REAL THINGS

Play and discover

1 Match the faces.

2 Choose a face.

I feel … Help me, please.

An adult reads each task. You may point, move objects or make marks. Ask for help whenever you need it.

UNIT 04 / AN ADULT READS ALOUD

Story and make

Help me, please.

I can help.

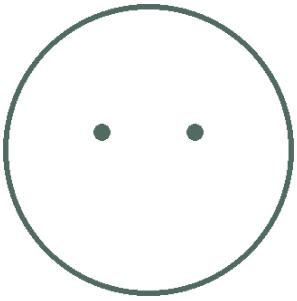

Thank you, Ahmad.

1 Find the happy face.

2 Add a mouth to the face.

Chant together

Happy or sad, I can say.
Help me, please. We find a way.

Point, talk or draw. There is no single right answer for your own picture.

UNIT 5 | TEACHER GUIDE

Colours and Shapes

Weeks 13 to 15 / Colours and Shapes

Observable goals

Language: Sorts two or three colours and describes colour or size with a word or phrase.

Practical skills: Works with one feature at a time and checks by comparing.

Words and phrases

red • blue • yellow • circle • big • small

It is red.

A big circle.

A small circle.

Materials and alternatives

Large red, blue and yellow objects, large shapes and trays. Alternatives: coloured socks and thick cardboard shapes.

Add the materials named in each lesson, such as a box, puppet or cloth. Use the supplied pictures or classroom objects in place of costly models. Read enrichment vocabulary as needed without requiring children to memorise it.

Independent choice and self checking

The child compares each object with a fixed colour sample. Begin with colour alone rather than colour and size together.

Adjusting for readiness

Support: Use two contrasting colours with objects of the same shape and size.

Extra challenge: Describe colour and size together once each feature is secure separately.

Two or three minutes at home

Collect two large red objects and two blue objects. Sort them by colour.

Child pages: 39 to 41. Use pictures after objects or actions. Cards: 77 to 81. Print extra copies for matching pairs.

UNIT 5 | NOTICE AND EXPLORE

Week 13

Each lesson is a separate, flexible 12 to 18 minute encounter using the routine on page 4.

Lesson 1 Red and blue

1. Present a red and a blue object with the same shape and size.
2. Name the colours. Ask the child to choose the named colour while changing positions.
3. The child matches each object to its colour mat and puts the materials away.

Red. Blue. Show me red.

Observe: Does the child recognise colour without relying on position?

Lesson 2 Add yellow

1. Review two familiar colours, then introduce a similar yellow object.
2. Ask for one colour at a time and let the child place it on its mat.
3. After successful recognition, invite naming without requiring it.

Yellow. It is yellow.

Observe: Does the child recognise the new colour among a few choices?

Lesson 3 Sort by colour

1. Prepare two colour mats and four large objects of different shapes.
2. Demonstrate with one object, then let the child sort the rest.
3. Compare each object with its mat's colour, then let the child put the set away.

Put red here. Put blue here.

Observe: Does the child sort by colour alone?

Between lessons: Name materials as they are used and repeat one instruction during routines.

UNIT 5 | PRACTISE AND TAKE TURNS

Week 14

Each lesson is a separate, flexible 12 to 18 minute encounter using the routine on page 4.

Lesson 4 Discover a circle

1. Present a large circle and square of the same colour and similar overall size.
2. Trace around the circle with your finger, name it and ask the child to find another.
3. Find a circle on a large lid together. Square is enrichment vocabulary only.

A circle. Find a circle.

Observe: Does the child recognise a circular shape in another example?

Lesson 5 Big and small

1. Show two circles of the same colour in different sizes.
2. Name big and small. Ask the child to choose, then swap their positions.
3. The child matches each circle to its outline and puts it away.

A big circle. A small circle.

Observe: Does the child compare size while colour and shape stay the same?

Lesson 6 Hear a colour and move

1. Secure two colour mats on a table or floor in a safe space.
2. Say one colour so the child can place a hand or large object on it.
3. Swap roles and let the child choose the colour. Avoid races and elimination.

Touch blue. It is red.

Observe: Does the child connect a colour word with a purposeful action?

Between lessons: Leave a familiar activity on the shelf and gradually reduce help.

UNIT 5 | TELL AND USE

Week 15

Each lesson is a separate, flexible 12 to 18 minute encounter using the routine on page 4.

Lesson 7 The circle story

1. Read the circle story while moving large shapes on the table.
2. Pause for the child to choose the circle named in the sentence.
3. Retell the story with two colours, then three circles when the child is ready.

A red circle. A big circle.

Observe: Does the child connect a shape word with a familiar colour or size?

Lesson 8 The puppet mixes colours

1. The puppet asks for red, then picks up a blue object.
2. Invite the child to compare it with the requested colour mat and help the puppet.
3. The child chooses a colour for the puppet to find, then they check together.

Red, please. Is it red?

Observe: Does the child check the colour instead of copying the puppet?

Lesson 9 Sort and describe

1. Offer four familiar objects in different colours and two matching mats.
2. Ask the child to sort, then choose an object and describe its colour or size.
3. Record the sorting feature, phrase and support. Offer only one challenge at a time.

It is blue. A big circle.

Observe: Does the child sort independently and describe one feature?

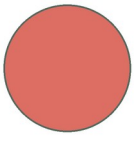

Between lessons: Repeat a story the child chooses and record a new example of understanding or communication.

UNIT 05 / LOOK AND TALK

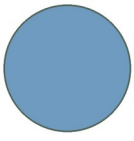

Colours and Shapes

Look at the colours.

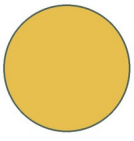

red

blue

yellow

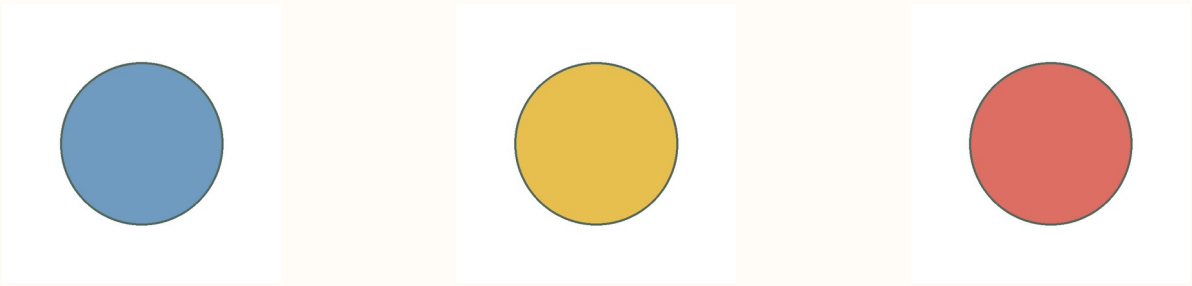

It is red.

An adult reads. Look, point and talk together. Choose a few words at a time.

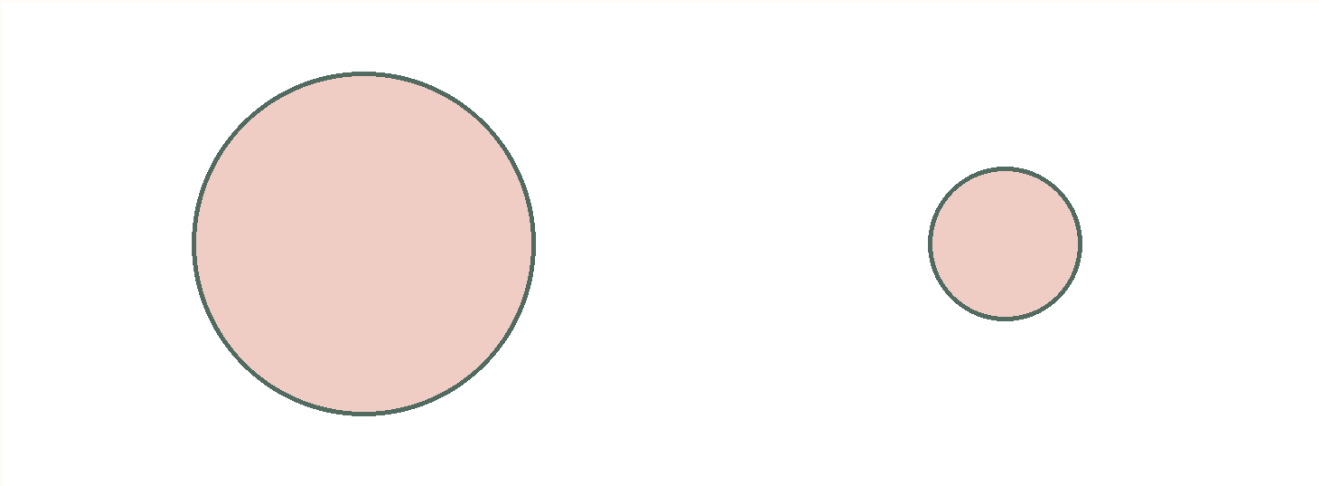

UNIT 05 / TRY WITH REAL THINGS

Play and discover

1 Find red, blue and yellow.

2 Point to the big circle.

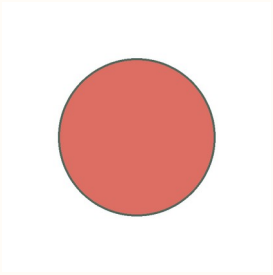

big small

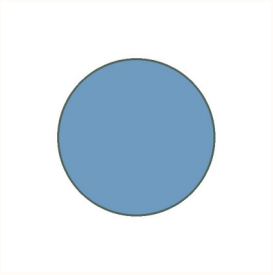

An adult reads each task. You may point, move objects or make marks. Ask for help whenever you need it.

UNIT 05 / AN ADULT READS ALOUD

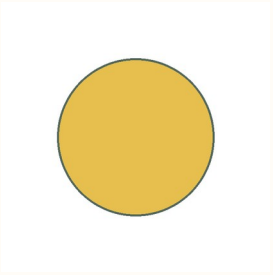

Story and make

A red circle.

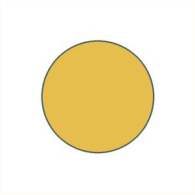

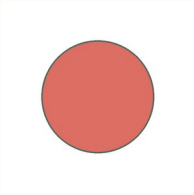

A blue circle.

A yellow circle.

1 Find a yellow circle.

2 Make your own circle picture.

Chant together

Red and blue and yellow too.
Choose a circle. One for you.

Point, talk or draw. There is no single right answer for your own picture.

UNIT 6 | TEACHER GUIDE

Toys and Their Places

Weeks 16 to 18 / Toys and Places

Observable goals

Language: Understands in, on and under and answers with a word about a toy's position.

Practical skills: Returns a toy to its place after use.

Words and phrases

ball • bag • box • in • on • under

Where is the ball?

In the box.

Under the chair.

Materials and alternatives

A large ball, bag, open box, book and mat. Alternatives: large classroom objects and a cardboard box.

Add the materials named in each lesson, such as a box, puppet or cloth. Use the supplied pictures or classroom objects in place of costly models. Read enrichment vocabulary as needed without requiring children to memorise it.

Independent choice and self checking

The child positions a ball to match a model picture kept on the table.

Adjusting for readiness

Support: Use only two positions, an open box and clear movements.

Extra challenge: Give a friend a position instruction using a choice of three relationships.

Two or three minutes at home

Place a ball in and on a box. Invite the child to name or show each position.

Child pages: 46 to 48. Use pictures after objects or actions. Cards: 77 to 81. Print extra copies for matching pairs.

UNIT 6 | NOTICE AND EXPLORE

Week 16

Each lesson is a separate, flexible 12 to 18 minute encounter using the routine on page 4.

Lesson 1 The ball and bag

1. Present a large ball and open bag. Name each one.
2. Ask the child to choose the named object, then swap their positions.
3. Show how to return the ball to its basket and let the child repeat.

A ball. A bag. Show me the ball.

Observe: Does the child distinguish the objects after their positions change?

Lesson 2 In the box

1. Present an open box. Put the ball inside while naming the position.
2. Take it out, then invite the child to put it in the box.
3. Compare the result with a position picture, then put the materials away together.

Put the ball in the box. In.

Observe: Does the child follow the position instruction after one model?

Lesson 3 On the box

1. Close a low, stable box and place the ball on top.
2. Compare in and on using the same box at different moments.
3. Let the child show one position and compare it with your model.

On the box. Put it on the box.

Observe: Does the child distinguish in from on?

Between lessons: Name materials as they are used and repeat one instruction during routines.

UNIT 6 | PRACTISE AND TAKE TURNS

Week 17

Each lesson is a separate, flexible 12 to 18 minute encounter using the routine on page 4.

Lesson 4 Under the chair

1. Place the ball under a stable chair without requiring the child to crawl.
2. Name the position, move the ball and ask the child to return it under the chair.
3. The child may point for the teacher to place it. Compare with the position picture.

Under the chair. Where is the ball?

Observe: Does the child connect under with a real spatial relationship?

Lesson 5 Ball and paper sounds

1. Gently demonstrate rolling a ball and turning a sheet of paper on a table.
2. Repeat one sound out of sight. Let the child point to its source from two pictures.
3. Reveal the source for checking, then swap roles if the child wishes.

Listen. A ball or a book?

Observe: Does the child distinguish two familiar sound sources?

Lesson 6 A place for every toy

1. Put a ball picture on its basket and a book picture on its shelf.
2. Show how to choose and use a toy, then return it to its picture.
3. The child repeats with another toy, independently comparing object and picture.

Put the ball back. Put the book here.

Observe: Does the child complete the choose, use and return cycle?

Between lessons: Leave a familiar activity on the shelf and gradually reduce help.

UNIT 6 | TELL AND USE

Week 18

Each lesson is a separate, flexible 12 to 18 minute encounter using the routine on page 4.

Lesson 7 Tell where the ball is

1. Read the ball story using a real ball and box.
2. After each sentence, invite the child to place the ball in the named position.
3. Repeat two positions for the child to describe with a word or gesture.

In the box. On the box.

Observe: Does the child follow the changing position in the story?

Lesson 8 Looking in the wrong place

1. Put the ball under the chair and make the puppet look on top.
2. Invite the child to guide it with a gesture or position word.
3. Change the ball's position and swap the helper role. Keep the ball within view.

Where is the ball? Under the chair.

Observe: Does the child offer information that helps someone else?

Lesson 9 A tidying task

1. Use a different box, a familiar chair and the ball.
2. Give one position instruction, then ask a short question about where the ball is.
3. Record understanding, description and support. Let the child choose a closing game.

Put it in the box. Where is it?

Observe: Does the child transfer a position word's meaning to a new box?

Between lessons: Repeat a story the child chooses and record a new example of understanding or communication.

UNIT 06 / LOOK AND TALK

Toys and Places

Where are the toys?

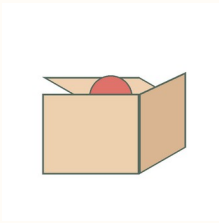

ball

bag

in

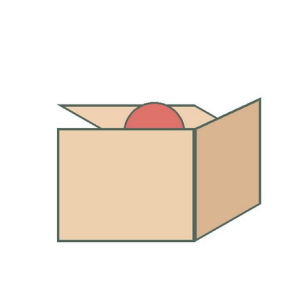

Where is the ball?

An adult reads. Look, point and talk together. Choose a few words at a time.

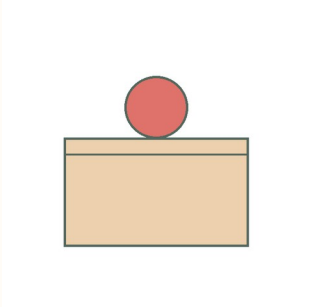

UNIT 06 / TRY WITH REAL THINGS

Play and discover

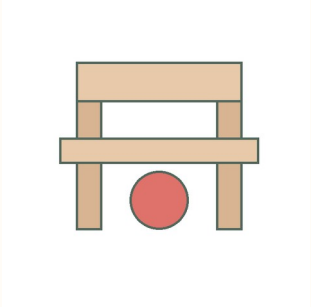

1 Listen. Put your ball in place.

in

on

under

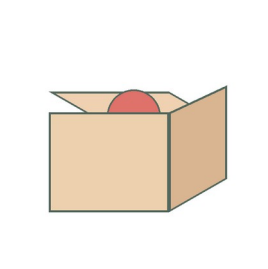

2 Draw a ball in the box.

Where is the ball?

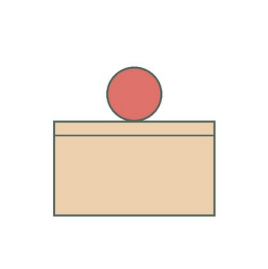

An adult reads each task. You may point, move objects or make marks. Ask for help whenever you need it.

UNIT 06 / AN ADULT READS ALOUD

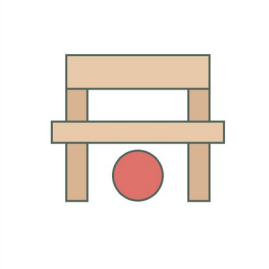

Story and make

In the box.

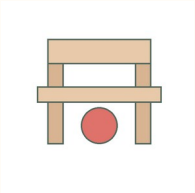

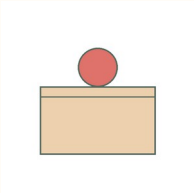

On the box.

Under the chair.

1 Find the ball on the box.

2 Draw a toy in the space.

Chant together

In the box, then on the top.
Under the chair. Now we stop.

Point, talk or draw. There is no single right answer for your own picture.

UNIT 7 | TEACHER GUIDE

Food and Numbers

Weeks 19 to 21 / Food and Counting

Observable goals

Language: Requests fruit and matches objects to quantities from one to three.

Practical skills: Arranges a cup and spoon and accepts or declines politely.

Words and phrases

apple • banana • orange • one • two • three

An apple, please.

Two apples, please.

No, thank you.

Materials and alternatives

Whole fruit for display, a cup, spoon, tray and pictures. Tasting is optional. Alternatives: large models or the supplied pictures.

Add the materials named in each lesson, such as a box, puppet or cloth. Use the supplied pictures or classroom objects in place of costly models. Read enrichment vocabulary as needed without requiring children to memorise it.

Independent choice and self checking

Counting circles reveal extra or missing items. The child also matches a picture to its fruit.

Adjusting for readiness

Support: Use quantities of one or two and large pictures kept in place.

Extra challenge: Request three items without the counting mat, then use it to check.

Two or three minutes at home

Let the child set out one cup per person, up to three, and ask for fruit if they wish.

Child pages: 53 to 55. Use pictures after objects or actions. Cards: 77 to 81. Print extra copies for matching pairs.

UNIT 7 | NOTICE AND EXPLORE

Week 19

Each lesson is a separate, flexible 12 to 18 minute encounter using the routine on page 4.

Lesson 1 An apple and banana

1. Present a whole apple and banana for display, or two large models.
2. Name each one. Ask the child to choose, then swap their positions.
3. Match each fruit to its card and return it to the tray together.

An apple. A banana. Show me an apple.

Observe: Does the child connect the word with the correct fruit?

Lesson 2 Meet an orange

1. Review the two fruits, then add a whole orange.
2. Let the child look and touch if they wish, then choose the named fruit.
3. Compare it with the card. Tasting is not required.

An orange. An orange, please.

Observe: Does the child recognise a new word among three pictures?

Lesson 3 One for each place

1. Set out an unbreakable cup and one large circle on a counting mat.
2. Model placing one cup on the circle, then repeat with two circles and cups.
3. The child touches each cup once as you count, then returns the cups to the tray.

One cup. Two cups.

Observe: Does the child match one object to one place?

Between lessons: Name materials as they are used and repeat one instruction during routines.

UNIT 7 | PRACTISE AND TAKE TURNS

Week 20

Each lesson is a separate, flexible 12 to 18 minute encounter using the routine on page 4.

Lesson 4 Count to three

1. Set out three large circles and three prepared apple pictures.
2. Model placing one card on each circle while counting slowly.
3. Ask for two, then three. The child checks that the required places are filled.

One, two, three. Two apples, please.

Observe: Does the child give a quantity up to three with visual support?

Lesson 5 The fruit shop

1. Prepare three fruit pictures and a small open basket.
2. Model requesting, offering and thanking, then let the child choose a role.
3. Begin with one item. Add quantity requests only when the child is ready.

An apple, please. Here you are. Thank you.

Observe: Does the child take part in a request-and-offer exchange?

Lesson 6 Set my place

1. Prepare a cup, spoon and tray with a simple picture of their arrangement.
2. Show how to carry the tray, place the cup and spoon, and wipe any wet areas.
3. The child repeats, compares the arrangement with the model and returns the materials.

A cup. A spoon. Put it here.

Observe: Does the child arrange two items and care for their space?

Between lessons: Leave a familiar activity on the shelf and gradually reduce help.

UNIT 7 | TELL AND USE

Week 21

Each lesson is a separate, flexible 12 to 18 minute encounter using the routine on page 4.

Lesson 7 A little request

1. Read the unit story with the fruit pictures.
2. Pause at the quantity so the child can place the corresponding number of pictures.
3. Repeat the request with one item first, then two or three when the child is ready.

One apple, please. Two bananas, please.

Observe: Does the child connect a number word with a quantity in context?

Lesson 8 The puppet gives extra

1. The puppet asks for one apple, then places two on a single circle.
2. Compare the quantity with the drawn place without telling the child the answer.
3. Let the child adjust the quantity, then help the puppet say thank you.

One apple, please. Let us check.

Observe: Does the child notice an extra item through one-to-one matching?

Lesson 9 A snack time request

1. Use pictures or real snack utensils without requiring tasting.
2. Offer a chance to request an object and a suitable quantity up to three.
3. Record the response. Accept polite refusal and a choice of water or rest.

A banana, please. No, thank you.

Observe: Does the child request or decline in a natural situation?

Between lessons: Repeat a story the child chooses and record a new example of understanding or communication.

UNIT 07 / LOOK AND TALK

Food and Counting

A snack, please.

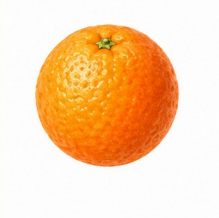

apple

banana

orange

An apple, please.

An adult reads. Look, point and talk together. Choose a few words at a time.

UNIT 07 / TRY WITH REAL THINGS

Play and discover

1 Choose your fruit.

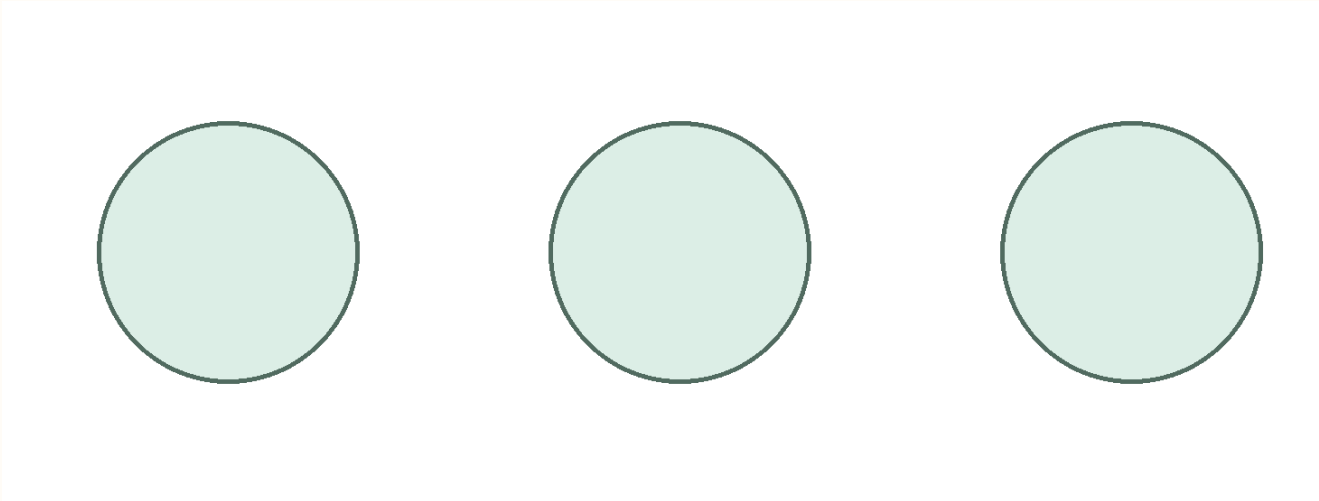

An apple, please.

2 Put one object on each circle.

one two three

An adult reads each task. You may point, move objects or make marks. Ask for help whenever you need it.

UNIT 07 / AN ADULT READS ALOUD

Story and make

One apple, please.

One banana, please.

One orange, please.

1 Find the banana.

2 Draw fruit you like.

Chant together

One, two, three. Count with me.
A snack, please. Thank you from me.

Point, talk or draw. There is no single right answer for your own picture.

UNIT 8 | TEACHER GUIDE

Animals Around Me

Weeks 22 to 24 / Animals Around Us

Observable goals

Language: Recognises familiar animals and connects some with a sound or movement.

Practical skills: Groups matching pictures and handles models gently.

Words and phrases

cat • dog • duck • fish • bird • walk

It is a duck.

It can walk.

A fish can swim.

Materials and alternatives

Large animal models or cards, a blue water mat and a land mat. Alternative: coloured paper secured to a table.

Add the materials named in each lesson, such as a box, puppet or cloth. Use the supplied pictures or classroom objects in place of costly models. Read enrichment vocabulary as needed without requiring children to memorise it.

Independent choice and self checking

A picture model behind the tray shows the matches. Use only clear animal examples and movements.

Adjusting for readiness

Support: Use two familiar animals and clear, quiet sounds.

Extra challenge: Say a short action sentence about an animal or sort new examples.

Two or three minutes at home

Choose two animals in a book, name them and copy a suitable movement or sound.

Child pages: 60 to 62. Use pictures after objects or actions. Cards: 77 to 81. Print extra copies for matching pairs.

UNIT 8 | NOTICE AND EXPLORE

Week 22

Each lesson is a separate, flexible 12 to 18 minute encounter using the routine on page 4.

Lesson 1 A cat and dog

1. Present cat and dog pictures or two large models.
2. Name each animal, then ask the child to identify it as you change the pictures' positions.
3. The child matches each picture to its copy and puts the cards away.

A cat. A dog. Show me the cat.

Observe: Does the child distinguish the two animals in clear pictures?

Lesson 2 A duck and fish

1. Show duck and fish pictures. Name each animal.
2. Let the child choose the named animal, then match the copies.
3. Review one earlier animal with the new pair without requiring the child to name all three.

A duck. A fish. Find the fish.

Observe: Does the child select the intended animal from a few choices?

Lesson 3 I see a bird

1. Watch a bird from a distance if possible, or use a clear picture.
2. Introduce bird, then say fly while moving your arms.
3. Let the child choose to watch or move, then return the picture to its place.

A bird. It can fly.

Observe: Does the child connect the bird picture with its word?

Between lessons: Name materials as they are used and repeat one instruction during routines.

UNIT 8 | PRACTISE AND TAKE TURNS

Week 23

Each lesson is a separate, flexible 12 to 18 minute encounter using the routine on page 4.

Lesson 4 Listen to the animal

1. Name the cat and dog, then imitate a meow and bark.
2. Make one sound for the child to choose the matching picture.
3. Reveal the reference picture, then invite the child to make a sound if they wish.

Listen. A cat or a dog?

Observe: Does the child distinguish the sounds and match their sources?

Lesson 5 Move like an animal

1. Show the fish card. Model swimming with your arms while seated.
2. Compare this with a walking cat and flying bird, using the pictures.
3. The child chooses a comfortable movement and animal for you to copy together.

A fish can swim. A cat can walk.

Observe: Does the child connect an animal with an appropriate movement?

Lesson 6 Group matching animals

1. Prepare two or three pairs of animal pictures without visible words.
2. Model grouping identical copies, then invite the child to complete the groups.
3. After comparing, return each group to an envelope labelled with its picture.

The same animal. Put the cats here.

Observe: Does the child group pictures by animal identity?

Between lessons: Leave a familiar activity on the shelf and gradually reduce help.

UNIT 8 | TELL AND USE

Week 24

Each lesson is a separate, flexible 12 to 18 minute encounter using the routine on page 4.

Lesson 7 Animal friends

1. Read the story, moving the pictures with each sentence.
2. Pause for the child to choose the next animal or copy its movement.
3. Repeat a favourite sentence, then ask which animal swims in the story.

A cat can walk. A fish can swim.

Observe: Does the child recall an animal and action from the story?

Lesson 8 The puppet and the fish

1. Make the puppet try to make the fish walk across the table.
2. Offer a swimming picture or action and invite the child to help.
3. For the duck, accept both walking and swimming. Do not require a single group.

Can a fish walk? A fish can swim.

Observe: Does the child choose a logical movement with visual support?

Lesson 9 Choose and describe

1. Lay out three pictures and invite the child to choose a favourite animal.
2. Ask one recognition question, then model a phrase about its movement.
3. Record a name, action word or gesture, then put the cards away together.

It is a duck. It can walk.

Observe: Does the child connect an animal with a name or movement without an immediate model?

Between lessons: Repeat a story the child chooses and record a new example of understanding or communication.

UNIT 08 / LOOK AND TALK

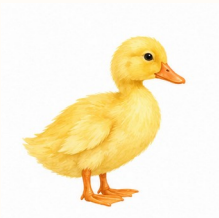

Animals Around Us

Look at the animals.

cat

duck

fish

It is a duck.

An adult reads. Look, point and talk together. Choose a few words at a time.

UNIT 08 / TRY WITH REAL THINGS

Play and discover

1 Match the animals.

2 Point to an animal that can swim.

An adult reads each task. You may point, move objects or make marks. Ask for help whenever you need it.

UNIT 08 / AN ADULT READS ALOUD

Story and make

A cat can walk.

A fish can swim.

A bird can fly.

1 Find the bird.

2 Draw your favourite animal.

Chant together

A cat can walk. A fish can swim.
Watch the bird. Wave to him.

Point, talk or draw. There is no single right answer for your own picture.

UNIT 9 | TEACHER GUIDE

Clothes and Routines

Weeks 25 to 27 / Clothes and Routines

Observable goals

Language: Names familiar clothes and sequences putting on a sock and shoe.

Practical skills: Tries a dressing or folding step and asks for help when needed.

Words and phrases

hat • sock • shoe • on • off • ready

My hat.

Put on your shoes.

I am ready.

Materials and alternatives

Large, clean socks, hats and shoes, a basket and mat. Alternatives: doll clothes and cards.

Add the materials named in each lesson, such as a box, puppet or cloth. Use the supplied pictures or classroom objects in place of costly models. Read enrichment vocabulary as needed without requiring children to memorise it.

Independent choice and self checking

Colour and pattern reveal the matching pair. Reading is not needed.

Adjusting for readiness

Support: Use two large items and help with fastening and opening.

Extra challenge: Explain two steps using first and next with a spoken model.

Two or three minutes at home

Match a pair of socks. Let the child try one getting-ready step and ask for help.

Child pages: 67 to 69. Use pictures after objects or actions. Cards: 77 to 81. Print extra copies for matching pairs.

UNIT 9 | NOTICE AND EXPLORE

Week 25

Each lesson is a separate, flexible 12 to 18 minute encounter using the routine on page 4.

Lesson 1 A hat and shoe

1. Present a clean hat and a child's shoe. Name each one.
2. Ask the child to choose the named item, then match each to its card.
3. Let the child try or point. Wearing the items is optional.

A hat. A shoe. Show me the hat.

Observe: Does the child distinguish the items and connect them with their pictures?

Lesson 2 Find a sock

1. Show and name a large, clean sock, then review shoe.
2. Offer two matching socks and one different sock so the child can find the pair.
3. The child compares colour, length and pattern, then places the pair in the basket.

A sock. Find the same sock.

Observe: Does the child match a pair by looking carefully?

Lesson 3 Put on and take off

1. Model putting a hat on the puppet and taking it off, saying each action.
2. Let the child follow one instruction using the puppet or a chosen hat.
3. Repeat with waiting time, then return the hat together.

Put on your hat. Take off your hat.

Observe: Does the child distinguish putting on from taking off through action?

Between lessons: Name materials as they are used and repeat one instruction during routines.

UNIT 9 | PRACTISE AND TAKE TURNS

Week 26

Each lesson is a separate, flexible 12 to 18 minute encounter using the routine on page 4.

Lesson 4 Order two steps

1. Place a sock and shoe before the child and model the dressing sequence.
2. Offer the two cards in reverse order for the child to rearrange.
3. The child may use the puppet or point. Compare with a sock-then-shoe model.

First, socks. Then, shoes.

Observe: Does the child sequence two familiar steps using a reference picture?

Lesson 5 Listen for the clothing word

1. Offer a hat and sock, then clearly name one item.
2. Let the child touch the intended object after the word ends.
3. Swap positions and roles. Review the name without writing or spelling.

Listen. Hat. Sock. Show me the sock.

Observe: Does the child rely on listening rather than following the teacher's gaze?

Lesson 6 Fold and return

1. Show how to fold a large cloth once over a matching model.
2. Let the child unfold, refold and calmly compare the edges.
3. The child chooses its place in the basket and returns the tray after working.

Fold. Put it in the basket.

Observe: Does the child repeat a practical step and notice the edges?

Between lessons: Leave a familiar activity on the shelf and gradually reduce help.

UNIT 9 | TELL AND USE

Week 27

Each lesson is a separate, flexible 12 to 18 minute encounter using the routine on page 4.

Lesson 7 Getting ready

1. Read the getting-ready story while showing the sock, shoe and hat.
2. Act out the sentences, then let the child choose the requested item.
3. Repeat the first two steps for the child to describe or order. Dressing is optional.

My socks. My shoes. I am ready.

Observe: Does the child follow a familiar daily sequence?

Lesson 8 A sock on the head

1. Put a sock on the puppet's head and make it ask for its hat.
2. Offer the hat and sock so the child can choose what will help.
3. Let the child name or point to the item, then model its usual use.

My hat? No, a sock!

Observe: Does the child notice that the item differs from the one requested?

Lesson 9 Get ready to go

1. At home time, offer pictures of two getting-ready steps.
2. Let the child choose a step they can do and request help with the other.
3. Record the action, request and support. Praise the specific effort.

My shoes. Help me, please.

Observe: Does the child use a word or request during self-care?

Between lessons: Repeat a story the child chooses and record a new example of understanding or communication.

UNIT 09 / LOOK AND TALK

Clothes and Routines

I am getting ready.

hat

sock

shoe

My hat.

An adult reads. Look, point and talk together. Choose a few words at a time.

UNIT 09 / TRY WITH REAL THINGS

Play and discover

1 Find the matching socks.

2 What comes first? Point and try.

shoe

sock

First, socks. Then, shoes.

An adult reads each task. You may point, move objects or make marks. Ask for help whenever you need it.

UNIT 09 / AN ADULT READS ALOUD

Story and make

First, a sock.

Then, a shoe.

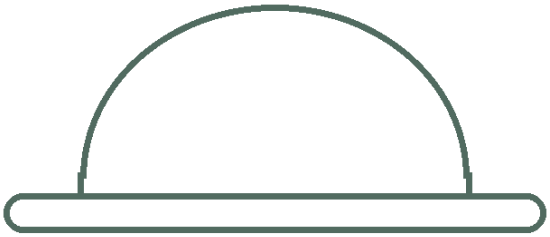

My hat. I am ready.

1 Find the hat.

2 Decorate the hat.

Chant together

Socks and shoes, a hat for me.
Ready to go. One, two, three.

Point, talk or draw. There is no single right answer for your own picture.

UNIT 10 | TEACHER GUIDE

Nature and Weather

Weeks 28 to 30 / Nature and Weather

Observable goals

Language: Names something in nature and chooses a weather picture based on observation.

Practical skills: Helps care for a plant and returns materials safely.

Words and phrases

sun • rain • tree • flower • leaf • water

It is sunny.

I see a flower.

Water the plant.

Materials and alternatives

A safe plant, large clean leaves, a small watering can and weather cards. Alternatives: a plant picture and large pieces of card.

Add the materials named in each lesson, such as a box, puppet or cloth. Use the supplied pictures or classroom objects in place of costly models. Read enrichment vocabulary as needed without requiring children to memorise it.

Independent choice and self checking

A model picture supports leaf and flower matching. Check the weather by looking through the window.

Adjusting for readiness

Support: Offer two weather choices and a light jug with an easy-to-hold handle.

Extra challenge: Describe two observations or lead a familiar plant-care step.

Two or three minutes at home

Observe the weather through a window and help water a safe plant when it needs water.

Child pages: 74 to 76. Use pictures after objects or actions. Cards: 77 to 81. Print extra copies for matching pairs.

UNIT 10 | NOTICE AND EXPLORE

Week 28

Each lesson is a separate, flexible 12 to 18 minute encounter using the routine on page 4.

Lesson 1 Notice sun and rain

1. Look through the window together, then show sun and rain pictures.
2. Name the pictures and compare them with today's observations.
3. The child chooses the closest match. Do not require a picture that misrepresents the weather.

Sun. Rain. It is sunny.

Observe: Does the child choose a picture using a real observation?

Lesson 2 A tree and flower

1. Observe a tree or safe plant, then show a clear flower picture.
2. Introduce two words and ask the child to point to the object or its picture.
3. Group matching plant pictures and return them to the envelope together.

A tree. A flower. Show me the flower.

Observe: Does the child connect nature words with what they see?

Lesson 3 Meet a leaf

1. Show a large, clean, safe leaf from a known plant.
2. Let the child study its shape and touch if they wish, then name leaf.
3. Match the leaf with a similar picture, explaining that plant leaves vary.

A leaf. Look at the leaf.

Observe: Does the child name a leaf or recognise another example?

Between lessons: Name materials as they are used and repeat one instruction during routines.

UNIT 10 | PRACTISE AND TAKE TURNS

Week 29

Each lesson is a separate, flexible 12 to 18 minute encounter using the routine on page 4.

Lesson 4 The sound of rain

1. Imitate rain by gently tapping fingertips on the table.
2. Compare this sound with clapping. Ask the child to choose the rain picture when they hear it.
3. Let the child choose to make the sound or listen. Avoid loud recordings.

Listen. Rain. Tap, tap, tap.

Observe: Does the child distinguish the rain-like rhythm from another sound?

Lesson 5 Water the plant

1. Prepare a safe plant that needs watering and a small jug with a limited amount of water.
2. Model pouring slowly near the soil and wiping any water on the tray.
3. The child tries under supervision and checks the materials' arrangement against a picture.

Water the plant. Pour slowly.

Observe: Does the child control the movement and return the jug?

Lesson 6 Sort leaves and flowers

1. Offer leaf and flower cards with clear extra copies.
2. Model placing each type in a group, keeping the sorting rule consistent.
3. Let the child repeat, check against reference pictures and return the cards.

Leaves here. Flowers here.

Observe: Does the child sort by the type of object?

Between lessons: Leave a familiar activity on the shelf and gradually reduce help.

UNIT 10 | TELL AND USE

Week 30

Each lesson is a separate, flexible 12 to 18 minute encounter using the routine on page 4.

Lesson 7 A little garden

1. Read the garden story using the pictures and a real jug.
2. Pause at the watering step so the child can point to the tool or act it out.
3. Repeat the story, then let the child freely draw a plant.

A flower. Some water. A little garden.

Observe: Does the child connect a care tool with an action in the story?

Lesson 8 Watering a picture

1. Make the puppet carry an empty jug towards a plant picture.
2. Invite the child to show the real plant and where the water belongs.
3. Repeat the care step with an appropriate amount only if the plant needs watering.

Water the picture? Water the plant.

Observe: Does the child distinguish a picture from the real object and its function?

Lesson 9 Share what I learned

1. Offer pictures and objects from two earlier units alongside the classroom plant.
2. Let the child choose a familiar activity, request a tool and describe something in their own way.
3. Record evidence of understanding and independence. Finish with a story the child chooses.

I see a flower. Help me, please.

Observe: Does the child combine understanding, choice and requesting in a natural situation?

Between lessons: Repeat a story the child chooses and record a new example of understanding or communication.

UNIT 10 / LOOK AND TALK

Nature and Weather

Look at the garden.

sun

flower

leaf

It is sunny.

An adult reads. Look, point and talk together. Choose a few words at a time.

UNIT 10 / TRY WITH REAL THINGS

Play and discover

1 Look outside. Choose a picture.

sun

cloud

rain

2 Draw what you can see outside.

I see …

An adult reads each task. You may point, move objects or make marks. Ask for help whenever you need it.

UNIT 10 / AN ADULT READS ALOUD

Story and make

A little flower.

We water the plant.

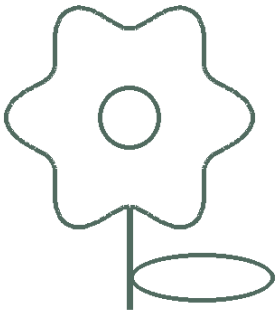

Our lovely garden.

1 Find the flower.

2 Colour the flower your way.

Chant together

Sun and rain, a flower grows.
Water gently. Slowly it goes.

Point, talk or draw. There is no single right answer for your own picture.

REUSABLE MATERIALS / SHEET 1 OF 5

Picture cards

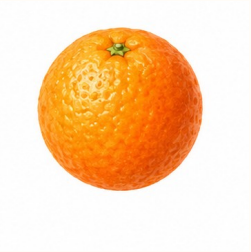

An adult prepares the cards. Print two copies for matching. Use real objects first.

 ball	 cup
 spoon	 book
 chair	 bag
 shoe	 sock

REUSABLE MATERIALS / SHEET 2 OF 5

Picture cards

An adult prepares the cards. Print two copies for matching. Use real objects first.

 hat	 apple
 banana	 orange
 cat	 dog
 duck	 fish

REUSABLE MATERIALS / SHEET 3 OF 5

Picture cards

An adult prepares the cards. Print two copies for matching. Use real objects first.

 bird	 leaf
 flower	 tree
 sun	 cloud
 rain	 house

REUSABLE MATERIALS / SHEET 4 OF 5

Picture cards

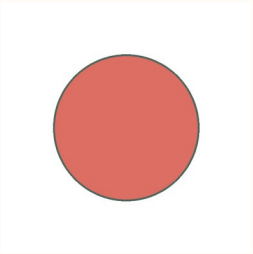

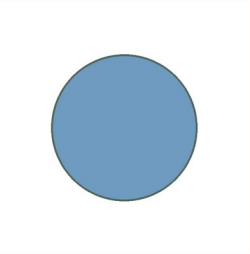

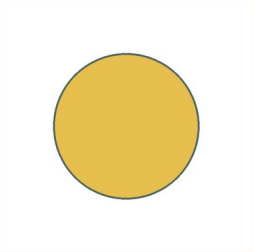

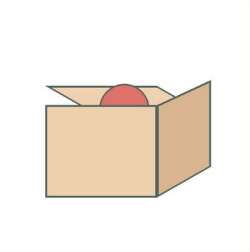

An adult prepares the cards. Print two copies for matching. Use real objects first.

 happy	 sad
 tired	 hello
 stand	 sit
 jump	 clap

REUSABLE MATERIALS / SHEET 5 OF 5

Picture cards

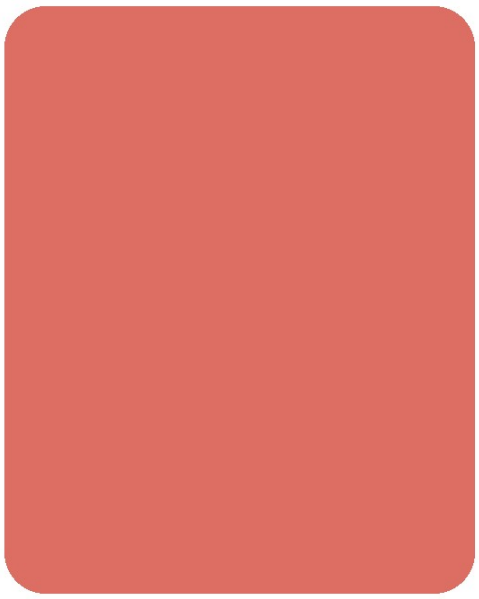

An adult prepares the cards. Print two copies for matching. Use real objects first.

 family	 girl
 boy	 hand
 red	 blue
 yellow	 in

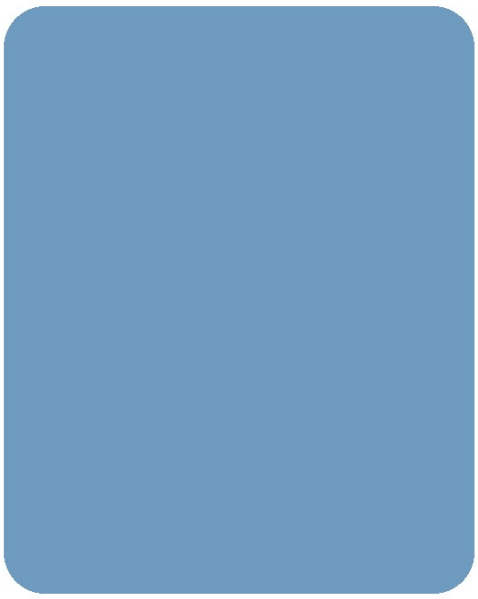

REUSABLE SORTING MATS

Sort by colour

Put a matching object on each mat.

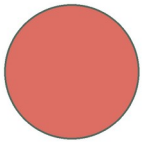

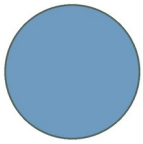

red

blue

Check the colours. Try again.

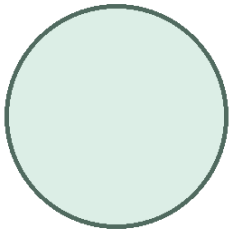

Use large objects. Compare each object with its mat. Change one feature at a time.

REUSABLE COUNTING MATS

Count and match

Put one object on each circle.

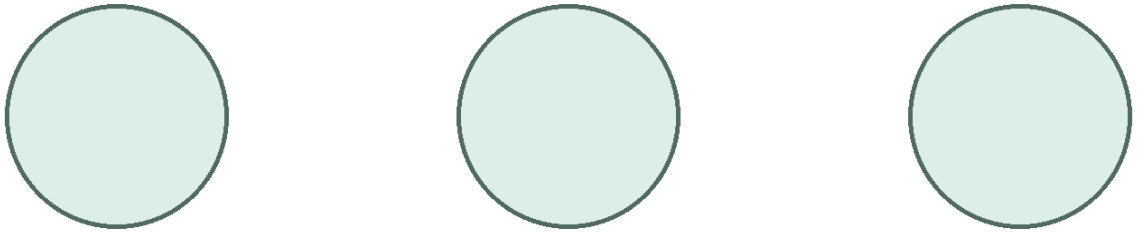

one

two

three

Begin with one or two objects. Use large counters or unbreakable cups with an adult.

REUSABLE SEQUENCE CARDS

Put the pictures in order

First, a sock. Then, a shoe.

sock

shoe

Choose a book. Put it in the bag.

book

bag

An adult cuts out the cards. Keep a second copy as a model. Mix two cards, arrange them and check against the model. Act out each routine with real things.

These are two example routines. Accept another sensible order when the child explains a different routine.

DESCRIPTIVE OBSERVATION DURING PLAY

Child observation record

Child's name: _____ Period: _____

Record specific evidence of what the child did, the support provided and a small next step. Suggested descriptions: beginning to try, completing with support, completing independently. These describe observations and are not grades.

Skill	Evidence and date	Support and next step
Greeting or requesting		
Following one instruction		
Naming or describing		
Matching or sorting		
Listening and rhythm		
Taking turns		
Choosing and returning		

An example of useful observation

While tidying, the child selected the book from a book and ball after hearing the request, without pointing. Next step: repeat recognition with a different book, then offer a chance to request it using a short phrase.

Planning the next step

An activity to repeat: _____

A new example to offer: _____

Information from the family: _____

A LITTLE ENGLISH IN EVERYDAY LIFE

Family guide

Choose an enjoyable moment for two or three minutes and stop before the child becomes tired. Repeat the phrase with the action. Accept the child's home language and gestures. Avoid asking for every word to be translated or correcting every attempt. (2)

1. Hello in Our Classroom

Exchange greetings. Let the child request one of two books and return it after looking through it.

2. Me and My Family

Look at a photograph the child chooses. Name one person and invite the child to point or add a word.

3. My Moving Body

Play a one-minute clap-and-stop game. Let the child choose a safe movement for you to copy.

4. Feelings and Comfort

Model asking for help with a puppet. Respond to the child's real request, whether expressed by gesture or phrase.

5. Colours and Shapes

Collect two large red objects and two blue objects. Sort them by colour.

6. Toys and Their Places

Place a ball in and on a box. Invite the child to name or show each position.

7. Food and Numbers

Let the child set out one cup per person, up to three, and ask for fruit if they wish.

8. Animals Around Me

Choose two animals in a book, name them and copy a suitable movement or sound.

9. Clothes and Routines

Match a pair of socks. Let the child try one getting-ready step and ask for help.

10. Nature and Weather

Observe the weather through a window and help water a safe plant when it needs water.

Shared reading, conversation and play matter more than finishing a page. Praise the child's specific action, such as returning a book or asking for help.

FOR TEACHERS AND CHECKING AFTER AN ATTEMPT

Activity answers

Activity page	Answer guidance
12	Match book to book and chair to chair. Choices and requests are open-ended.
19	The first and third families match. The drawing is personal.
26	The child follows the spoken instruction. Hand drawings and chosen movements are personal.
33	Match happy to happy and sad to sad. Do not correct the child's chosen feeling.
40	Colours from left: blue, yellow, red. The large circle is on the left.
47	Positions from left: in, on, under. The drawing and chosen position are open-ended.
54	Place three objects, one on each circle. Favourite fruit is a personal choice.
61	Match cat to cat, duck to duck and fish to fish. The second question asks for the fish.
68	The first and third socks match. In the example, the sock comes before the shoe.
75	Choose weather based on real observation. The drawing is open-ended.

Story questions

In unit order: book, home, hand, happy face, yellow circle, ball on the box, banana, bird, hat, flower. Show the pictures for checking after the attempt. Children are not expected to read the words.

Listening games

Sun and sock share an initial sound, as do ball and book. Cat and hat rhyme. Say the English words before asking the question. Postpone the game if their meanings are not clear.

PICTURES FOR INITIAL SOUNDS AND RHYME

Optional listening games

Say the words aloud with familiar objects or pictures. Establish meaning first, then listen for similarities. Reading words and memorising letters are optional. An adult cuts the cards and keeps a model set for comparison.

Listen to the first sound and repeat gently

sun

sock

Sun. Sock. The same first sound.

ball

book

Ball. Book. The same first sound.

Listen for the rhyming ending

cat

hat

Cat. Hat. They rhyme.

Begin with one pair. Say the words naturally, then emphasise the target sound without adding an extra vowel. If the child hesitates, model again and return to matching or rhythm.

TEACHER NOTES

References and preparation

The lessons, stories and chants were written for this series. The references below support its broad principles. Unit order, age ranges and suggested timings are adaptable teaching choices, not compulsory standards set by these organisations.

1 Montessori principles

Choice within a prepared environment, independent practical work, progression from concrete experience, self-checking and the three-period lesson.

American Montessori Society • Core components

2 English for young children

Short, frequent sessions; familiar objects and routines; stories, songs and games; phrases in context; and time for children to become ready to speak.

British Council • Starting English at home

Preparing cards and workspaces

Print cards on sturdy paper and cut them for the child. For matching, print two copies and begin with only two small sets. Use large objects with sorting and counting mats. Keep a sequencing model to one side until the child finishes trying.

Printing and editing

Pages are Letter size and can be printed at actual size. For A4 paper, select fit to page. Colour printing is recommended for the cards. Text and tables are editable in Word; illustrations are embedded images. Check pagination after major edits.

Play that respects the child

The puppet makes mistakes to invite help; the child's mistakes are never the joke. Singing, acting and discussing family or feelings are optional. Keep children's observation notes and photographs private.
