CURRICULUM AND ACTIVITY BOOKLET

KG2 English

Kindergarten Two

Little Thinkers

AGES 4 TO 5

30 weeks • 10 units • 90 short lessons

Describe, sequence and explore sounds

Prepared by: Ms. Amina Qatan

2026

FOR TEACHERS AND FAMILIES

About this book and contents

This KG2 curriculum builds on KG1 with longer exchanges, descriptions, linked instructions, story sequences and early sound-to-letter connections. Each unit has nine short lessons and four illustrated child pages. Adults read directions and stories; children may speak, point, act, draw or use communication supports.

Ages four to five are a suggested guide. Start from the child's current skills and provide active support. Revisit KG1 experiences when helpful. The goal is confident communication and readiness for the next stage; independent reading is an optional extension, not an entry requirement.

Unit	Topic	Pages
1	Our Friendly Classroom	8 to 15
2	People Who Care for Me	16 to 23
3	Move and Tell	24 to 31
4	Feelings and Friendship	32 to 39
5	Colours Shapes and Patterns	40 to 47
6	Where Things Belong	48 to 55
7	Snack Time and Numbers	56 to 63
8	Animals and Their Actions	64 to 71
9	Getting Ready Independently	72 to 79
10	Our Garden and Weather	80 to 87

Approach and routines: 3 to 4 | Yearly plan: 5 | Sounds: 6 | My book: 7

Picture cards: 88 to 93 | Sorting, counting and sequence materials: 94 to 96

Letter cards: 97 to 98 | Optional word building: 99 | Observation: 100

Families: 101 | Answers: 102 to 103 | References: 104 | Celebration: 105

REAL EXPERIENCES BEFORE PICTURES AND PRINT

Montessori inspired practice

Prepare two or three complete activities on a low shelf. Demonstrate slowly, offer a limited choice and allow repetition. Let children return materials and use a model to check their work. Protect concentration during independent work. This booklet is inspired by Montessori principles and is not an accredited Montessori programme. (1)

A three period vocabulary lesson

Stage	Teacher action	Example
Name	Point to two real objects and name them. Allow time to look and handle.	This is a cup. This is a spoon.
Recognise	Ask the child to choose or move an object. Change its position and repeat.	Show me the spoon.
Recall	Invite naming after recognition is secure. Calmly model again if needed.	What is this? A cup.

Make checking possible

Use an identical picture, a shape outline, one space per object or a photograph of the completed arrangement. The child compares and adjusts. Begin with one sorting feature. Combine features only after each is secure. A personal drawing, preference or feeling has no single correct answer.

Keep enrichment distinct

Practical life tasks, sensory comparison and independent matching draw on Montessori practice. Puppets, chants, story games and group role-play are language enrichment. Use the printed activities after real experiences, one task at a time.

Support access and independence

Accept the home language, gestures and communication aids, then model short English phrases. Offer seated actions, larger materials, fewer choices and extra waiting time. An adult prepares cut-outs and supervises use. Choose non-toxic supplies, safe plants and unbreakable cups. Participation in tasting, dressing and personal sharing is optional.

THREE SHORT ENGLISH ENCOUNTERS EACH WEEK

A flexible weekly routine

Use three 18 to 25 minute language encounters per week, shortening them as needed. Revisit language through play, snack time and transitions on other days. These encounters are separate from the longer independent work cycle and the rest of the school day.

Part	Time	What happens
Connect	3 minutes	Greeting, recall and a familiar object or picture.
Model	3 to 4 minutes	Two or three words, a phrase or one practical step.
Explore	8 to 12 minutes	Child choice, partner exchange, repetition and checking.
Share	4 to 6 minutes	Story, chant, short explanation and returning materials.

From words to connected meaning

Expand the child's contribution naturally: "ball" can become "a red ball" or "The ball is in the box." Ask a useful who, what or where question and wait. Model sequence words through actions. Present a two-step instruction only after its individual actions are familiar.

Observe during real activity

Record what the child actually said or did, the context and the help provided. Use descriptions such as beginning to try, with support and independently. Revisit skills across situations. An unobserved skill is not a failure. Provide extra language experiences and discuss useful support with the family when progress is difficult.

Drawing and early writing

Build hand control through pouring, folding, large drawing and manipulating safe objects. Offer finger tracing and a clear letter model before optional pencil marks. Let an adult write the child's spoken sentence. Avoid compulsory rows of copied words and timed literacy tests.

Everyday language: Choose one. Tell me about it. Your turn. Help me, please. Let us check. Put it back.

A SUGGESTED SEQUENCE THAT CAN BE ADJUSTED

The yearly plan

Weeks	Unit	New sound link
1 to 3	Our Friendly Classroom	s as in sun
4 to 6	People Who Care for Me	a as in apple
7 to 9	Move and Tell	t as in tired
10 to 12	Feelings and Friendship	p as in pen
13 to 15	Colours Shapes and Patterns	i as in insect
16 to 18	Where Things Belong	n as in nest
19 to 21	Snack Time and Numbers	m as in mat
22 to 24	Animals and Their Actions	d as in dog
25 to 27	Getting Ready Independently	c as in cat
28 to 30	Our Garden and Weather	f as in fish

Week one

Meet the vocabulary in real situations, practise short exchanges and introduce a practical task. Review earlier words before adding new ones.

Week two

Develop descriptions or sequences, explore the unit's sound link and offer independent practice. Use the child pages after the real activity.

Week three

Read the original story, play with a harmless puppet mistake and transfer learning to a new situation. Lesson nine is an observation opportunity during meaningful play.

The letter order is a modest teaching sequence for this booklet, not a complete phonics programme or fixed age standard. Repeat, pause or extend according to the child's experience and progress. Follow the institution's established phonics sequence when one is in use.

MEANING FIRST THEN SOUND THEN ITS WRITTEN SYMBOL

Teaching sounds and letters

Listening, rhyme, syllables and conversations about stories support early literacy. Show the purpose of print, the cover and page order, and how English runs from left to right. These broad priorities are reflected in Development Matters. (2)

Step	What to do
1 Establish meaning	Name a real object or clear picture. Check that the child knows the word.
2 Hear the sound	Say the whole word naturally. Repeat its first sound without adding an extra vowel.
3 Connect the letter	Show the lowercase letter and say its sound. Invite pointing, matching and large tracing.
4 Recognise then recall	Ask for the letter among two choices. Invite sound recall only after recognition is secure.
5 Revisit in context	Use a new known example, revisit earlier letters and return to oral work when needed.

Sound guidance for adults

This booklet introduces s, a, t, p, i, n, m, d, c and f. Use short a in apple and short i in insect. Here c represents /k/ in cat. Hold s, n, m and f gently; keep t, p, d and c brief. Say the sound rather than the letter name during blending. Do not add "uh" to consonants.

When the child is ready to build words

After the relevant sound links are secure, orally blend a simple word and let the child select large letter cards. Build from left to right, blend, then check the meaning. Page 99 contains optional words made only from this booklet's letters. Stories elsewhere are adult read-aloud text and are not decodable readers.

Tracing is an invitation

Printed letters are visual models, not tactile sandpaper letters. Add a safe tactile model if available. Finger movements, air writing and large marks are valid alternatives. Children do not need to complete every written task to progress.

MY WORDS MY IDEAS MY LEARNING

This is my KG2 book

Draw yourself doing something you enjoy.

My name is _____

I can _____

read together

play

care for a plant

An adult may write your words. You can speak, point, act or draw.

UNIT 1 | TEACHER GUIDE

Our Friendly Classroom

Weeks 1 to 3 / Child pages 12 to 15

Observable goals

- Exchanges a greeting and a name or request across two turns.
- Follows two familiar actions in order with support when needed.
- Chooses, carries and returns a complete activity.

Words and phrases

hello • goodbye • friend • book • chair • shelf • please • together

What is your name? My name is ...

May I have the book, please?

Put the book on the shelf.

Materials and practical work

A book, ball, chair, low shelf, puppet and picture labels. Use a towel as a work mat and classroom objects instead of models.

Independent choice and checking

Match objects to picture labels and restore the shelf. Compare with a photograph taken before the activity.

Adjusting for readiness

Support: Use one instruction, two choices and a model. Accept a gesture before expanding it into a phrase.

Extra challenge: Give a partner two familiar instructions or welcome a visitor without a model.

A few minutes at home

Take turns requesting a book and returning it. Ask your child to tell you where it belongs.

Sound focus: s as in sun. Stretch /s/ gently. Say sun and sock. Keep the sound separate from the letter name.

Prepare any extra lesson materials in advance. Cards: 88 to 98. The word bank includes review and enrichment; introduce only a few items at a time.

UNIT 1 | EXPLORE AND COMMUNICATE

Week 1

Each numbered lesson is a separate 18 to 25 minute encounter. Shorten or repeat as needed.

Lesson 1 Welcome a friend

1. Model greeting a puppet and asking its name.
2. Invite the child to answer with a name, gesture or short phrase, then swap roles.
3. Offer a second partner and let the child begin the exchange.

Hello. What is your name? My name is Ahmad.

Observe: Does the child take two linked turns?

Lesson 2 Find and describe

1. Name a book, chair and shelf using real objects.
2. Give one clue such as something we read; invite the child to point and name.
3. Ask where the book belongs, then model a short description.

It is a book. It goes on the shelf.

Observe: Does the child use a clue to identify an object?

Lesson 3 Two classroom steps

1. Show choose a book then sit, using two picture prompts.
2. Say both steps and wait; separate them if needed.
3. Let the child order the prompts and give you the instructions.

Choose a book. Then, sit down.

Observe: Can the child carry out two familiar actions in order?

Between lessons: Reuse greetings, requests and one familiar instruction in daily routines.

UNIT 1 | PRACTISE AND CONNECT

Week 2

Each numbered lesson is a separate 18 to 25 minute encounter. Shorten or repeat as needed.

Lesson 4 A polite request

1. Offer a book and ball with a puppet modelling a request.
2. Let the child request an item; accept a gesture and expand it.
3. Swap the giver and requester roles and include thanks.

May I have the book, please? Here you are.

Observe: Does the child request and respond across turns?

Lesson 5 Listen for s

1. Name the sun and sock pictures, then follow the sound routine on page 6.
2. Present s after children notice /s/; mix it with one different symbol.
3. Use the unit sound page and let the child compare with the model.

Sun. Sock. Listen: /s/.

Observe: Does the child connect the heard sound with s?

Lesson 6 Restore the shelf

1. Photograph a simple shelf arrangement and remove two objects.
2. Show choosing, using and returning one complete activity.
3. Let the child restore the other place and compare with the photograph.

The book goes here. I can put it back.

Observe: Does the child check and adjust the arrangement?

Between lessons: Keep a complete familiar activity on the shelf and revisit the new sound briefly.

UNIT 1 | TELL AND APPLY

Week 3

Each numbered lesson is a separate 18 to 25 minute encounter. Shorten or repeat as needed.

Lesson 7 Tell the book story

1. Read the unit story and show each picture in turn.
2. Ask what Ahmad chooses; accept a word before expanding the answer.
3. Mix the first two picture cards and retell in order together.

First, a friend. Then, a book.

Observe: Does the child connect story events?

Lesson 8 A silly visitor

1. Make the puppet ask for a chair while holding up a book.
2. Invite a helpful correction and let the puppet try the child's instruction.
3. Give the child a chance to invent a harmless puppet mistake.

That is a book. Here is a chair.

Observe: Does the child explain a mismatch to another person?

Lesson 9 Guide a classroom visitor

1. Use a different shelf and a familiar book.
2. Invite the child to greet a visitor, offer a choice and help return it.
3. Record an actual exchange and the support needed, then celebrate one effort.

Hello. Choose a book. Put it here, please.

Observe: Does the child use familiar language in a new place?

Between lessons: Let the child choose a story to revisit and record one new example of learning.

UNIT 01 | LOOK AND TALK

Our Friendly Classroom

What can we do together?

book

chair

friend

What is your name? My name is ...

Take two turns. Ask a question, listen and respond. An adult reads and expands your words.

UNIT 01 | TRY WITH REAL THINGS

Play and discover

1 Listen and do two things.

choose a book

sit down

Choose a book. Then, sit down.

2 Take turns asking for something.

May I have the ... , please?

Here you are. Thank you.

An adult reads. Try the activity with objects first. Speak, point, act or make marks.

UNIT 01 | AN ADULT READS ALOUD

Story and make

Ahmad meets a friend.

He chooses a book.

He puts it in his bag.

1 What does Ahmad choose?

2 Draw your favourite classroom activity.

Chant together

Hello, friend. What shall we do?
Choose a book. A turn for you.

Retell with first, then and at last. The adult reads; the story is not a decoding test.

UNIT 01 | SOUND AND LETTER S

Listen and explore sounds

S

sun

1 Find the pictures with this first sound.

sun

ball

sock

2 Trace with your finger. Say the sound.

S S S

3 Draw or point to a matching example.

Together: Clap the beats in your name. An adult says the words before asking you to listen. Pencil writing is optional.

UNIT 2 | TEACHER GUIDE

People Who Care for Me

Weeks 4 to 6 / Child pages 20 to 23

Observable goals

- Introduces a familiar person using a short phrase.
- Answers who or what questions about a picture.
- Orders a two-step helping task and cares for a photograph.

Words and phrases

family • mum • dad • baby • home • help • together • kind

This is my family.

Who is this? This is my ...

I can help at home.

Materials and practical work

A family picture chosen by the child, safe mirror, cloth, tray and duplicate pictures. A drawing or puppet family can replace personal photographs.

Independent choice and checking

Match photographs to duplicates. Wipe a protected photograph and return it beside a model of the finished arrangement.

Adjusting for readiness

Support: Offer a chosen fictional family or one familiar person. Do not require private family information.

Extra challenge: Describe two people or explain a helping task using first and then.

A few minutes at home

Choose a family picture together. Invite a short introduction and talk about one way to help.

Sound focus: a as in apple. Use short a as in apple, not the letter name ay. Say apple naturally, then isolate its first sound.

Prepare any extra lesson materials in advance. Cards: 88 to 98. The word bank includes review and enrichment; introduce only a few items at a time.

UNIT 2 | EXPLORE AND COMMUNICATE

Week 4

Each numbered lesson is a separate 18 to 25 minute encounter. Shorten or repeat as needed.

Lesson 1 Introduce a person

1. Offer a chosen family picture or fictional puppet family.
2. Model one introduction and ask who is in the picture.
3. Let the child introduce a person, without requiring private information.

Who is this? This is my family.

Observe: Does the child connect who with a person?

Lesson 2 Look for details

1. Choose two people in a picture and name one visible feature.
2. Invite the child to identify the person from the clue.
3. Swap roles; expand a single word into a respectful description.

This person has a book. Who is it?

Observe: Does the child use a picture detail to explain a choice?

Lesson 3 Help in two steps

1. Set out a book and its basket beside a puppet.
2. Model carrying the book then putting it away.
3. Offer reversed picture prompts and let the child order and try the task.

First, carry the book. Then, put it away.

Observe: Can the child sequence a familiar helping task?

Between lessons: Reuse greetings, requests and one familiar instruction in daily routines.

UNIT 2 | PRACTISE AND CONNECT

Week 5

Each numbered lesson is a separate 18 to 25 minute encounter. Shorten or repeat as needed.

Lesson 4 A family conversation

1. Read two lines about a pictured family sharing a book.
2. Ask who and what questions, allowing time between them.
3. Invite the child to ask the puppet one question with a model.

Who is this? What do they have?

Observe: Does the child respond to two different question words?

Lesson 5 Listen for short a

1. Show an apple or its picture and establish the word.
2. Contrast its initial sound with known /s/ and introduce a using page 6.
3. Offer apple pictures on the sound page for pointing, tracing or sorting.

Apple. Listen to the first sound.

Observe: Does the child hear short a rather than the letter name?

Lesson 6 Care for a photograph

1. Put a protected photograph, dry cloth and holder on a tray.
2. Demonstrate wiping, standing the picture and returning the cloth.
3. The child repeats and checks the finished arrangement against a model.

I can wipe it. I can put it back.

Observe: Does the child complete the practical sequence?

Between lessons: Keep a complete familiar activity on the shelf and revisit the new sound briefly.

UNIT 2 | TELL AND APPLY

Week 6

Each numbered lesson is a separate 18 to 25 minute encounter. Shorten or repeat as needed.

Lesson 7 Our shared book story

1. Read the unit story, inviting children to notice who appears.
2. Ask what the family shares and let the child point to the evidence.
3. Retell with first and then while moving the picture cards.

Zahraa carries a book. They read together.

Observe: Does the child answer from the story pictures?

Lesson 8 The puppet thanks a chair

1. Have the puppet thank a chair for helping it.
2. Offer a person picture and chair picture and invite an explanation.
3. Let the child show a suitable thank-you exchange with the puppet.

Thank you for helping me.

Observe: Does the child distinguish people and objects in this context?

Lesson 9 Show a helping task

1. Offer two familiar helping activities and let the child choose.
2. Invite a short explanation before the child demonstrates.
3. Record the sequence, language and support; ask what to repeat next time.

I can help. First this, then this.

Observe: Does the child explain and carry out a chosen task?

Between lessons: Let the child choose a story to revisit and record one new example of learning.

UNIT 02 | LOOK AND TALK

People Who Care for Me

Who can you see?

family

me

home

This is my family.

Take two turns. Ask a question, listen and respond. An adult reads and expands your words.

UNIT 02 | TRY WITH REAL THINGS

Play and discover

1 Introduce someone in the picture.

Who is this? This is my ...

2 Draw how you help someone.

I can help. I can ...

An adult reads. Try the activity with objects first. Speak, point, act or make marks.

UNIT 02 | AN ADULT READS ALOUD

Story and make

Zahraa chooses a book.

She carries it carefully.

Her family reads together.

1 What do they share?

2 Draw someone helping at home.

Chant together

People care in many ways.
We can help throughout our days.

Retell with first, then and at last. The adult reads; the story is not a decoding test.

UNIT 02 | SOUND AND LETTER A

Listen and explore sounds

a

apple

1 Find the pictures with this first sound.

apple

fish

apple

2 Trace with your finger. Say the sound.

a a a

3 Draw or point to a matching example.

Together: Find s and say its sound. An adult says the words before asking you to listen. Pencil writing is optional.

UNIT 3 | TEACHER GUIDE

Move and Tell

Weeks 7 to 9 / Child pages 28 to 31

Observable goals

- Follows and gives two movement instructions in sequence.
- Uses an ability phrase linked to an action they can do.
- Copies a rhythm and chooses a safe movement variation.

Words and phrases

head • hand • foot • clap • jump • tap • stop • slowly

I can clap and jump.

First, clap. Then, sit.

Can you tap? Yes, I can.

Materials and practical work

A clear movement area, action pictures, puppet, safe mirror and clean towel. Use seated hand movements when preferred.

Independent choice and checking

Arrange two action cards and perform the sequence. Compare the card order with a model before returning them.

Adjusting for readiness

Support: Give one action at a time. Offer seated or puppet movements and extra processing time.

Extra challenge: Create a three-action sequence and explain it to a partner.

A few minutes at home

Take turns giving two comfortable movement instructions. Let your child lead the final round.

Sound focus: t as in tired. Use a crisp /t/ without adding uh. Say tired and tap; demonstrate tap on the table.

Prepare any extra lesson materials in advance. Cards: 88 to 98. The word bank includes review and enrichment; introduce only a few items at a time.

UNIT 3 | EXPLORE AND COMMUNICATE

Week 7

Each numbered lesson is a separate 18 to 25 minute encounter. Shorten or repeat as needed.

Lesson 1 Action words in context

1. Review clap, jump and sit with comfortable alternatives.
2. Add tap using a gentle fingertip action and ask children to choose.
3. Invite an ability phrase about the action actually performed.

I can tap. I can clap.

Observe: Does the child connect an action word with their movement?

Lesson 2 Follow two actions

1. Lay out clap and sit cards from left to right.
2. Model the sequence, then say it without moving.
3. Swap the card order and let the child check the new sequence.

First, clap. Then, sit.

Observe: Does the child follow the order rather than a memorised routine?

Lesson 3 Be the movement leader

1. Offer three familiar action cards and ask the child to choose two.
2. Help the child give the sequence to a partner.
3. Swap roles and compare the actions with the chosen cards.

Clap, then jump. Your turn.

Observe: Does the child communicate a two-action plan?

Between lessons: Reuse greetings, requests and one familiar instruction in daily routines.

UNIT 3 | PRACTISE AND CONNECT

Week 8

Each numbered lesson is a separate 18 to 25 minute encounter. Shorten or repeat as needed.

Lesson 4 Listen to the rhythm

1. Tap a two-beat pattern slowly, then pause.
2. Invite the child to copy or create a different pattern for you.
3. Try three beats only after two are comfortable; count syllables separately.

Listen. Tap, tap. Now you.

Observe: Does the child remember and reproduce a short rhythm?

Lesson 5 Listen for t

1. Name the tired picture and demonstrate tap.
2. Isolate a crisp /t/ and connect it with t using page 6.
3. Review s and a, then offer the sound page without requiring writing.

Tired. Tap. Listen: /t/.

Observe: Can the child recognise t among known letters?

Lesson 6 Care after moving

1. Prepare a clean towel and a pictured storage place.
2. After supervised handwashing, model drying, folding and returning.
3. Let the child perform comfortable steps and ask for needed help.

Dry your hands. Fold the towel.

Observe: Does the child connect language with a self-care sequence?

Between lessons: Keep a complete familiar activity on the shelf and revisit the new sound briefly.

UNIT 3 | TELL AND APPLY

Week 9

Each numbered lesson is a separate 18 to 25 minute encounter. Shorten or repeat as needed.

Lesson 7 Tell the movement story

1. Read the story while showing clap, jump and sit.
2. Mix the three action cards and invite a reconstruction with support.
3. Let the child retell through actions or first, then and at last.

First he claps. Then he jumps.

Observe: Does the child follow a three-event story?

Lesson 8 A puppet moves too soon

1. Have the puppet jump when asked to clap then sit.
2. Invite the child to show the first card and explain.
3. Repeat with the corrected order and praise the helpful instruction.

Clap first. Then, sit down.

Observe: Does the child use sequence language to guide someone?

Lesson 9 Create our movement routine

1. Offer three cards and a clear movement area.
2. Let the child plan two actions, explain and demonstrate them.
3. Record the spoken instruction and support, then ask a partner to try.

I can show you. First, clap.

Observe: Does the child plan and communicate independently?

Between lessons: Let the child choose a story to revisit and record one new example of learning.

UNIT 03 | LOOK AND TALK

Move and Tell

What can you do?

clap

jump

sit

I can clap and jump.

Take two turns. Ask a question, listen and respond. An adult reads and expands your words.

UNIT 03 | TRY WITH REAL THINGS

Play and discover

1 Put the actions in order.

jump

clap

sit

First, clap. Next, jump. At last, sit.

2 Plan two actions for a friend.

Point in order or ask an adult to add 1, 2 and 3. Choose comfortable movement alternatives.

An adult reads. Try the activity with objects first. Speak, point, act or make marks.

UNIT 03 | AN ADULT READS ALOUD

Story and make

First, Ahmad claps.

Then, he jumps.

At last, he sits down.

1 What does Ahmad do first?

2 Draw a movement for a friend to copy.

Chant together

Clap, then tap. Move with me.
Stop and breathe. One, two, three.

Retell with first, then and at last. The adult reads; the story is not a decoding test.

UNIT 03 | SOUND AND LETTER T

Listen and explore sounds

t

tired

1 Find the pictures with this first sound.

tired

sun

tired

2 Trace with your finger. Say the sound.

t t t

3 Draw or point to a matching example.

Together: Find a and s. Say one sound at a time. An adult says the words before asking you to listen. Pencil writing is optional.

UNIT 4 | TEACHER GUIDE

Feelings and Friendship

Weeks 10 to 12 / Child pages 36 to 39

Observable goals

- Describes a pictured feeling and suggests a helpful response.
- Makes a request for help or a turn using words or gestures.
- Chooses a comfort activity without having feelings judged.

Words and phrases

happy • sad • tired • calm • help • rest • kind • share

I feel ...

Can you help me, please?

You can have a turn.

Materials and practical work

Feeling cards, puppet, cushion, book, simple bag and a quiet space. Use natural facial expressions instead of cards.

Independent choice and checking

Match expression pictures to copies. A model checks the match, while the child alone decides how they feel.

Adjusting for readiness

Support: Use two expressions and one request model. Accept silence, gesture and the home language.

Extra challenge: Explain a possible reason for a story character's feeling or suggest two helpful choices.

A few minutes at home

Model a real request for help and respond warmly. Let your child choose whether to discuss feelings.

Sound focus: p as in pen. Use a short /p/, not puh. Show a real pen before its picture and name it.

Prepare any extra lesson materials in advance. Cards: 88 to 98. The word bank includes review and enrichment; introduce only a few items at a time.

UNIT 4 | EXPLORE AND COMMUNICATE

Week 10

Each numbered lesson is a separate 18 to 25 minute encounter. Shorten or repeat as needed.

Lesson 1 Read an expression

1. Present happy, sad and tired faces and name them without judgement.
2. Ask which face might match a simple puppet situation.
3. Accept reasonable interpretations and keep personal feelings optional.

The puppet feels tired. It needs a rest.

Observe: Does the child connect an expression with a possible need?

Lesson 2 Make a specific request

1. Let a puppet need help opening a simple bag.
2. Model asking for help, responding and thanking.
3. Offer a real chance to request help and respond promptly.

Can you help me, please? Yes, I can.

Observe: Does the child request support in a meaningful situation?

Lesson 3 Ask for a turn

1. Model two puppets sharing a book without a race or timer.
2. Give the child a choice to request, offer or observe a turn.
3. Practise waiting with adult support and respect a wish to stop.

Can I have a turn? Yes, here you are.

Observe: Does the child use a turn-taking exchange?

Between lessons: Reuse greetings, requests and one familiar instruction in daily routines.

UNIT 4 | PRACTISE AND CONNECT

Week 11

Each numbered lesson is a separate 18 to 25 minute encounter. Shorten or repeat as needed.

Lesson 4 Choose a calming activity

1. Offer a quiet book and cushion and name each option.
2. Invite the child to choose and explain with a word or phrase.
3. After unhurried use, restore the materials using a photograph.

I would like the book. I need a rest.

Observe: Does the child make and communicate a personal choice?

Lesson 5 Listen for p

1. Show a real pen, name it and compare with the picture.
2. Introduce a short /p/ and the letter p using page 6.
3. Pat the puppet gently as a second spoken example, then use the sound page.

Pen. Pat. Listen: /p/.

Observe: Does the child hear /p/ without an added vowel?

Lesson 6 Match and notice faces

1. Lay out three expression pictures and identical copies.
2. Model comparing the eyes and mouth in one pair.
3. Let the child match and check; never mark a personal feeling as wrong.

These faces match. Look at the mouth.

Observe: Does the child check details independently?

Between lessons: Keep a complete familiar activity on the shelf and revisit the new sound briefly.

UNIT 4 | TELL AND APPLY

Week 12

Each numbered lesson is a separate 18 to 25 minute encounter. Shorten or repeat as needed.

Lesson 7 A friend offers help

1. Read the unit story with the three picture panels.
2. Ask who offers help and what Zahraa says.
3. Invite another helpful ending without requiring hugs or touching.

Can I help? Yes, please. Thank you.

Observe: Does the child explain a helpful exchange in the story?

Lesson 8 A cushion for a book

1. Have the puppet offer a cushion to a book that it calls tired.
2. Invite children to explain who may need rest and suggest a choice.
3. Replay the scene with the puppet making an appropriate request.

Do you need a rest? Here is a cushion.

Observe: Does the child suggest a response linked to a need?

Lesson 9 Use friendship language

1. Set up a familiar cooperative activity with two choices.
2. Notice a natural chance to ask for help or offer a turn.
3. Record the child's exact words or gesture and the adult support.

Your turn. Can you help me?

Observe: Does the child transfer a social phrase into play?

Between lessons: Let the child choose a story to revisit and record one new example of learning.

UNIT 04 | LOOK AND TALK

Feelings and Friendship

How might Ahmad feel?

happy

sad

tired

I feel ...

Take two turns. Ask a question, listen and respond. An adult reads and expands your words.

UNIT 04 | TRY WITH REAL THINGS

Play and discover

1 Who might need a rest?

I feel tired. I need a rest.

2 Practise a helpful conversation.

Can you help me, please?
Yes, I can. Thank you.

Tell why you chose a face. Your own feelings are your choice.

An adult reads. Try the activity with objects first. Speak, point, act or make marks.

UNIT 04 | AN ADULT READS ALOUD

Story and make

Zahraa feels sad.

Ahmad asks, "Can I help?"

"Yes, please. Thank you!"

1 Who offers to help?

2 Draw one kind thing you can do.

Chant together

I can ask. I can share.
Take a turn and show you care.

Retell with first, then and at last. The adult reads; the story is not a decoding test.

UNIT 04 | SOUND AND LETTER P

Listen and explore sounds

p

pen

1 Find the pictures with this first sound.

pen

apple

pen

2 Trace with your finger. Say the sound.

p p p

3 Draw or point to a matching example.

Together: Listen to cat and hat. Do they rhyme? An adult says the words before asking you to listen. Pencil writing is optional.

UNIT 5 | TEACHER GUIDE

Colours Shapes and Patterns

Weeks 13 to 15 / Child pages 44 to 47

Observable goals

- Names or describes a shape with a colour.
- Sorts by one feature, then explains a new sorting rule.
- Continues a simple repeating pattern and checks it against a model.

Words and phrases

red • blue • yellow • green • circle • square • triangle • same

It is a red square.

This one is bigger.

Red, blue, red, blue.

Materials and practical work

Large circles, squares and triangles, coloured mats and two trays. Cut shapes from thick card; keep colour, size and shape consistent when isolating one feature.

Independent choice and checking

Sort by shape against outline mats. For colour sorting use colour samples. Keep a completed pattern strip for checking after the attempt.

Adjusting for readiness

Support: Use two contrasting colours or two shapes. Work with one feature at a time.

Extra challenge: Sort by colour and shape together after each is secure, or design a new repeating pattern.

A few minutes at home

Make a red-blue pattern with large objects. Invite your child to continue it and say the colours.

Sound focus: i as in insect. Use short i as in insect, not the letter name eye. Establish insect as a general word for the pictured grasshopper.

Prepare any extra lesson materials in advance. Cards: 88 to 98. The word bank includes review and enrichment; introduce only a few items at a time.

UNIT 5 | EXPLORE AND COMMUNICATE

Week 13

Each numbered lesson is a separate 18 to 25 minute encounter. Shorten or repeat as needed.

Lesson 1 Describe a shape

1. Present a circle and square with the same colour and similar size.
2. Name and trace each outline, then ask for a named shape.
3. Add a colour description only after shape recognition is secure.

It is a square. It is a red square.

Observe: Does the child recognise shape without relying on colour?

Lesson 2 Meet a triangle

1. Review circle and square, then present a large triangle.
2. Trace its three straight sides slowly and compare with a circle.
3. Invite matching to an outline in a different orientation.

A triangle. Find another triangle.

Observe: Does the child recognise the shape after rotation?

Lesson 3 Change the sorting rule

1. Offer four large shapes and two outline mats.
2. Sort by shape, check, then clear the mats.
3. Introduce colour sorting separately and invite the child to explain the new rule.

Circles here. Now sort by colour.

Observe: Can the child change one stated sorting rule?

Between lessons: Reuse greetings, requests and one familiar instruction in daily routines.

UNIT 5 | PRACTISE AND CONNECT

Week 14

Each numbered lesson is a separate 18 to 25 minute encounter. Shorten or repeat as needed.

Lesson 4 Make a repeating pattern

1. Build red-blue-red-blue with matching large circles.
2. Point to the repeating pair and leave one space.
3. Let the child continue, then compare with a hidden completed strip.

Red, blue, red, blue. What comes next?

Observe: Does the child identify and continue the repeating unit?

Lesson 5 Listen for short i

1. Name the insect picture; explain that this grasshopper is an insect.
2. Say short i and connect it with i using page 6.
3. Contrast i and a with known pictures, then use the unit sound page.

Insect. In. Listen to the first sound.

Observe: Does the child connect short i with its printed letter?

Lesson 6 Arrange and compare sizes

1. Offer three same-colour circles of clearly different sizes.
2. Model big and small, then arrange the circles from small to big.
3. Invite the child to check by laying each on a matching outline.

This one is bigger. This one is smaller.

Observe: Does the child compare size while other features stay constant?

Between lessons: Keep a complete familiar activity on the shelf and revisit the new sound briefly.

UNIT 5 | TELL AND APPLY

Week 15

Each numbered lesson is a separate 18 to 25 minute encounter. Shorten or repeat as needed.

Lesson 7 Read a pattern story

1. Read the red-blue-red story using the large circles.
2. Ask which colour would come next and invite a reason or demonstration.
3. Let the child choose a new two-colour pattern to retell.

Blue comes next. Red, blue, red, blue.

Observe: Does the child use the repeating pattern to predict?

Lesson 8 The puppet changes one piece

1. Build an AB pattern and let the puppet replace one blue with red.
2. Invite the child to compare it with the model strip.
3. Let the child repair it, then create a new pattern for the puppet.

Look at the pattern. This one is blue.

Observe: Does the child locate a mismatch through comparison?

Lesson 9 Explain my collection

1. Offer a mixed collection and let the child choose one sorting rule.
2. Ask the child to explain a group and describe one item.
3. Record the rule, description and support; add a second feature only if secure.

These are circles. This is a red circle.

Observe: Does the child state a rule and apply it consistently?

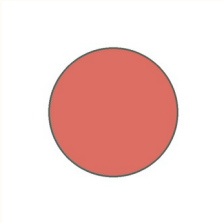

Between lessons: Let the child choose a story to revisit and record one new example of learning.

UNIT 05 | LOOK AND TALK

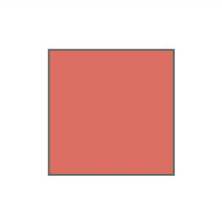

Colours Shapes and Patterns

How are the shapes different?

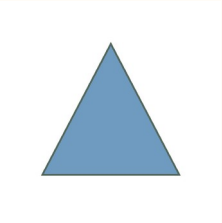

circle

square

triangle

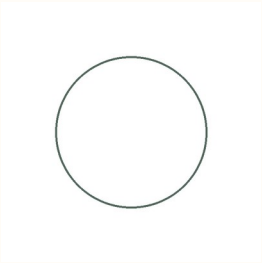

It is a red square.

Take two turns. Ask a question, listen and respond. An adult reads and expands your words.

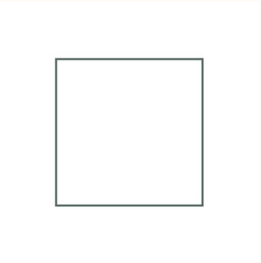

UNIT 05 | TRY WITH REAL THINGS

Play and discover

1 Describe a shape.

circle

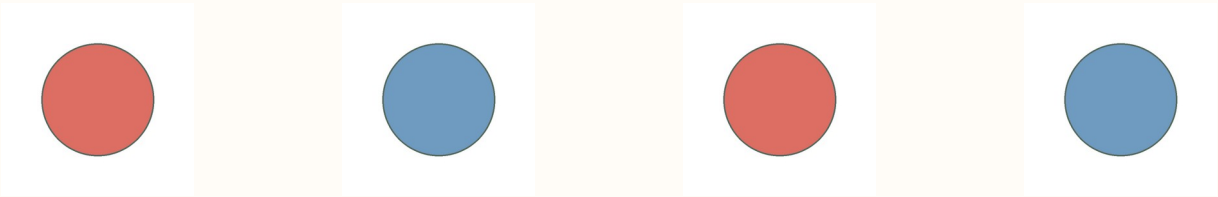

square

triangle

2 Continue the pattern.

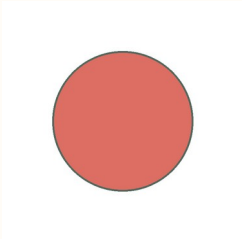

What comes next?

Draw, point or place two real shapes. You can ask an adult to record your explanation.

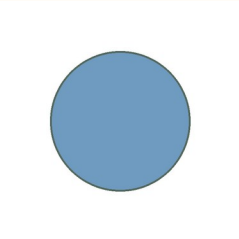

An adult reads. Try the activity with objects first. Speak, point, act or make marks.

UNIT 05 | AN ADULT READS ALOUD

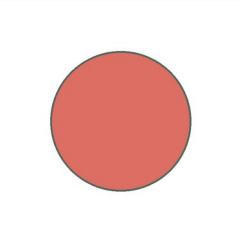

Story and make

A red circle comes first.

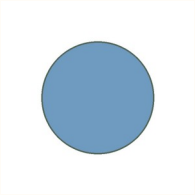

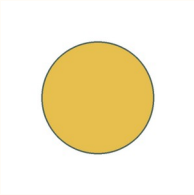

A blue circle comes next.

Another red circle follows.

1 Which colour comes next?

2 Draw your own repeating pattern.

Chant together

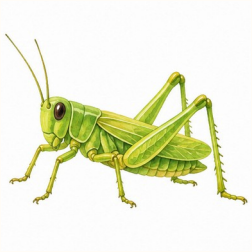

Round and square, what do you see?
Make a pattern. Show it to me.

Retell with first, then and at last. The adult reads; the story is not a decoding test.

UNIT 05 | SOUND AND LETTER I

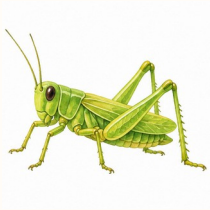

Listen and explore sounds

i

insect

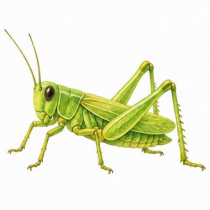

1 Find the pictures with this first sound.

insect

pen

insect

2 Trace with your finger. Say the sound.

i i i

3 Draw or point to a matching example.

Together: Find p and t. Match each to a known example. An adult says the words before asking you to listen. Pencil writing is optional.

UNIT 6 | TEACHER GUIDE

Where Things Belong

Weeks 16 to 18 / Child pages 52 to 55

Observable goals

- Describes a toy's position using a familiar position phrase.
- Follows a position instruction and checks the result.
- Gives a partner information to find or return an object.

Words and phrases

ball • bag • box • in • on • under • next to • between

Where is the ball?

It is under the chair.

Put it next to the box.

Materials and practical work

A large ball, open box, bag, stable chair and two identical large cups. Use classroom objects and cardboard boxes.

Independent choice and checking

Arrange a ball to match a position picture. Keep the model visible at first, then reveal it after the attempt.

Adjusting for readiness

Support: Begin with in and on, one object and a clear model. Let the child direct an adult by pointing.

Extra challenge: Use between with two reference objects or follow two position instructions in order.

A few minutes at home

Hide a toy in plain sight near a familiar object. Ask where it is and let your child guide you.

Sound focus: n as in nest. Hold /n/ briefly with the tongue behind the upper teeth. Show and name a nest picture without touching wild nests.

Prepare any extra lesson materials in advance. Cards: 88 to 98. The word bank includes review and enrichment; introduce only a few items at a time.

UNIT 6 | EXPLORE AND COMMUNICATE

Week 16

Each numbered lesson is a separate 18 to 25 minute encounter. Shorten or repeat as needed.

Lesson 1 Review in on and under

1. Use a real box, chair and ball to demonstrate each position.
2. Give one position instruction without moving yourself.
3. Ask where the ball is and expand a one-word answer.

It is under the chair.

Observe: Does the child describe a real position?

Lesson 2 Explore next to

1. Put a ball next to a box with a clear gap.
2. Move both objects and ask the child to recreate the relationship.
3. Compare with a position picture, keeping the reference object explicit.

The ball is next to the box.

Observe: Does the child preserve the relationship after objects move?

Lesson 3 Explore between

1. Place two large cups apart and put a ball between them.
2. Name all three objects and emphasise the two reference cups.
3. Let the child recreate and check the arrangement from a model.

The ball is between the cups.

Observe: Does the child use two reference objects for between?

Between lessons: Reuse greetings, requests and one familiar instruction in daily routines.

UNIT 6 | PRACTISE AND CONNECT

Week 17

Each numbered lesson is a separate 18 to 25 minute encounter. Shorten or repeat as needed.

Lesson 4 Direct a partner

1. Give one child a position picture and another the real objects.
2. Model a spoken instruction while allowing pointing as support.
3. Swap roles and compare the arrangement with the picture.

Put the ball in the box, please.

Observe: Does the child provide information another person can use?

Lesson 5 Listen for n

1. Show and name the nest picture without handling wild nests.
2. Connect /n/ with n using the three-period sound routine.
3. Review insect and i, then sort the unit sound pictures.

Nest. Nose. Listen: /n/.

Observe: Does the child distinguish n from a previously learned letter?

Lesson 6 A plan for tidying

1. Photograph a ball in a box and a book next to a bag.
2. Give one instruction at first, then the two-step plan.
3. Let the child restore and check the arrangement independently.

Put the ball in. Put the book next to the bag.

Observe: Does the child complete and check two related actions?

Between lessons: Keep a complete familiar activity on the shelf and revisit the new sound briefly.

UNIT 6 | TELL AND APPLY

Week 18

Each numbered lesson is a separate 18 to 25 minute encounter. Shorten or repeat as needed.

Lesson 7 Follow the travelling ball

1. Read the story and move the real ball for each picture.
2. Ask where it is at the end and point back to the evidence.
3. Mix two position cards and invite a new spoken sequence.

First on, then under, then in.

Observe: Does the child track a change of position in a story?

Lesson 8 The puppet gives a missing clue

1. Have the puppet say put it next to without naming an object.
2. Model asking next to what and invite a clearer instruction.
3. Repeat with between and two visible reference objects.

Next to what? Next to the box.

Observe: Does the child notice when a position instruction needs more information?

Lesson 9 A new object puzzle

1. Use a different ball-sized object and a familiar box.
2. Invite the child to follow a position clue and describe the result.
3. Record the phrase and support, then let the child create a clue.

Where is it? It is in the box.

Observe: Does the child transfer the relationship to a new object?

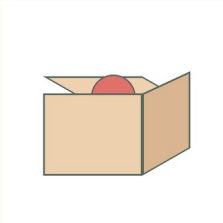

Between lessons: Let the child choose a story to revisit and record one new example of learning.

UNIT 06 | LOOK AND TALK

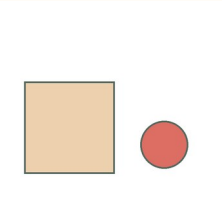

Where Things Belong

Where could the ball go?

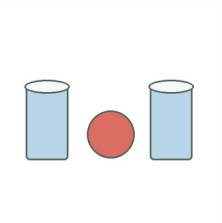

in

next to

between

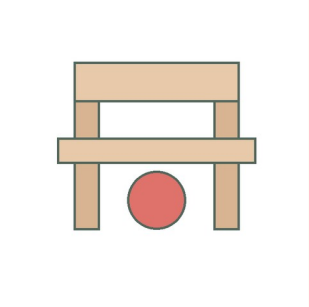

Where is the ball?

Take two turns. Ask a question, listen and respond. An adult reads and expands your words.

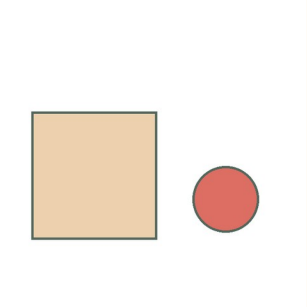

UNIT 06 | TRY WITH REAL THINGS

Play and discover

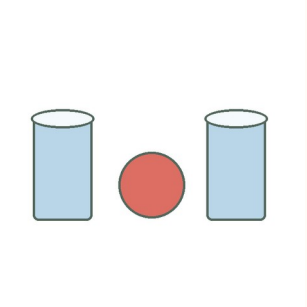

1 Listen and put the ball in place.

under

next to

between

Put it between the cups.

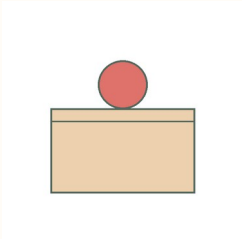

2 Give your friend a position clue.

The ball is ...

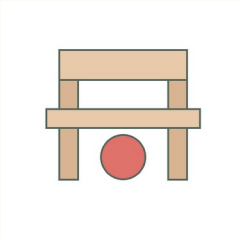

An adult reads. Try the activity with objects first. Speak, point, act or make marks.

UNIT 06 | AN ADULT READS ALOUD

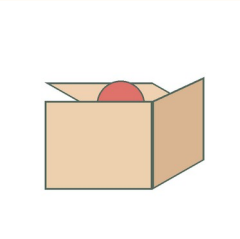

Story and make

The ball is on the box.

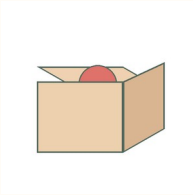

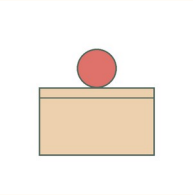

Now it is under the chair.

At last, it is in the box.

1 Where is the ball at the end?

2 Draw a toy next to a box.

Chant together

In and on and under too.
Tell me where. I will help you.

Retell with first, then and at last. The adult reads; the story is not a decoding test.

UNIT 06 | SOUND AND LETTER N

Listen and explore sounds

n

nest

1 Find the pictures with this first sound.

nest

apple

nest

2 Trace with your finger. Say the sound.

n n n

3 Draw or point to a matching example.

Together: Clap ba-na-na. Tap once for each syllable. An adult says the words before asking you to listen. Pencil writing is optional.

UNIT 7 | TEACHER GUIDE

Snack Time and Numbers

Weeks 19 to 21 / Child pages 60 to 63

Observable goals

- Requests an item and a quantity from one to five.
- Counts objects once each and gives the requested set.
- Takes turns in a snack exchange and sets a place independently.

Words and phrases

apple • banana • orange • cup • spoon • four • five • more

Two apples, please.

How many? There are five.

No, thank you.

Materials and practical work

Whole fruit or picture cards, five large cups, spoons, a tray and counting mats. Tasting is optional; consider known food allergies before any tasting.

Independent choice and checking

Place one object on each counting space and compare with the quantity card. Set a cup and spoon against a photograph.

Adjusting for readiness

Support: Use quantities one to three, larger spaces and a spoken model. Count together before independent selection.

Extra challenge: Make a requested set without a mat, then use the mat to check. Explain which set has more.

A few minutes at home

Set one cup for each person, up to five. Let your child request fruit or politely decline.

Sound focus: m as in mat. Hold /m/ with lips together, not muh. Name the mat and map before comparing their first sounds.

Prepare any extra lesson materials in advance. Cards: 88 to 98. The word bank includes review and enrichment; introduce only a few items at a time.

UNIT 7 | EXPLORE AND COMMUNICATE

Week 19

Each numbered lesson is a separate 18 to 25 minute encounter. Shorten or repeat as needed.

Lesson 1 Requests with quantities

1. Review three fruit names using real fruit or large pictures.
2. Model requesting one item, then two, using clear sets.
3. Swap giver and requester roles and include polite refusal.

Two apples, please. No, thank you.

Observe: Does the child link a request with a quantity?

Lesson 2 Count four and five

1. Set out five large objects and a five-space mat.
2. Touch each object once while counting slowly to five.
3. Ask for four, then five, and check one object per space.

One, two, three, four, five.

Observe: Does the child count each object once and stop at the requested number?

Lesson 3 Give the right set

1. Offer a larger group of cups and a quantity card up to five.
2. Invite the child to make a set, using a mat if needed.
3. Ask how many and recount together only when checking is needed.

How many? There are four cups.

Observe: Does the child make a requested set from a larger group?

Between lessons: Reuse greetings, requests and one familiar instruction in daily routines.

UNIT 7 | PRACTISE AND CONNECT

Week 20

Each numbered lesson is a separate 18 to 25 minute encounter. Shorten or repeat as needed.

Lesson 4 Compare two snack sets

1. Place two apples and three apples in parallel rows.
2. Match one-to-one to notice the extra object in one set.
3. Invite more or same comparisons without formal arithmetic symbols.

This set has more. These are the same.

Observe: Does the child compare quantities using matching?

Lesson 5 Listen for m

1. Show a mat and map, name them and let the child notice /m/.
2. Connect the sound with m; review s, a and t separately.
3. Offer the sound page and optional large air tracing.

Mat. Map. Listen: /m/.

Observe: Does the child recognise the same first sound in two different words?

Lesson 6 Prepare a place for two

1. Set out two cups, two spoons and a tray with a model picture.
2. Demonstrate arranging one place and carrying materials carefully.
3. Let the child prepare the second place and check the quantities.

One cup for you. One cup for me.

Observe: Does the child coordinate counting and practical preparation?

Between lessons: Keep a complete familiar activity on the shelf and revisit the new sound briefly.

UNIT 7 | TELL AND APPLY

Week 21

Each numbered lesson is a separate 18 to 25 minute encounter. Shorten or repeat as needed.

Lesson 7 Read the snack story

1. Read the three story panels and ask who chooses each fruit.
2. Invite children to give each character a cup picture.
3. Retell with a new fruit choice while keeping one cup per person.

Ahmad chooses a banana. A cup for each friend.

Observe: Does the child connect a character with their choice?

Lesson 8 The puppet counts one cup twice

1. Set out three cups and make the puppet touch one twice.
2. Invite the child to check by moving each cup to a separate space.
3. Ask the child to show a reliable counting method.

Touch each cup once. Let us check.

Observe: Does the child notice double counting through one-to-one matching?

Lesson 9 Run the pretend snack table

1. Let the child choose to request or serve a pretend snack.
2. Include one meaningful quantity request and a polite response.
3. Record actual language and counting support; accept a wish to stop or decline.

Four cups, please. Here you are. Thank you.

Observe: Does the child use number language during a real exchange?

Between lessons: Let the child choose a story to revisit and record one new example of learning.

UNIT 07 | LOOK AND TALK

Snack Time and Numbers

What would you like?

apple

banana

orange

Two apples, please.

Take two turns. Ask a question, listen and respond. An adult reads and expands your words.

UNIT 07 | TRY WITH REAL THINGS

Play and discover

1 Count each set. Say how many.

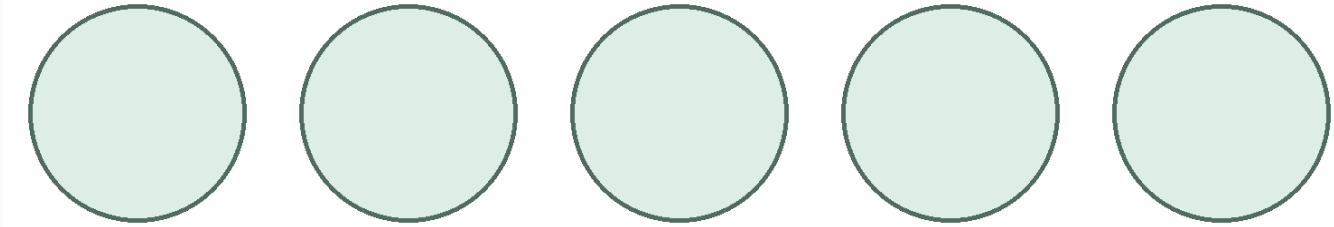

There are ... apples.

There are ... bananas.

2 Make a set of five.

Five cups, please. Here you are.

An adult reads. Try the activity with objects first. Speak, point, act or make marks.

UNIT 07 | AN ADULT READS ALOUD

Story and make

Zahraa chooses an apple.

Ahmad chooses a banana.

They each take a cup.

1 What fruit does Ahmad choose?

2 Draw a snack for you and a friend.

Chant together

One for you and one for me.
Count each piece and then say please.

Retell with first, then and at last. The adult reads; the story is not a decoding test.

UNIT 07 | SOUND AND LETTER M

Listen and explore sounds

m

mat

1 Find the pictures with this first sound.

mat

sock

map

2 Trace with your finger. Say the sound.

m m m

3 Draw or point to a matching example.

Together: Find s, a, t and say their sounds separately. An adult says the words before asking you to listen. Pencil writing is optional.

UNIT 8 | TEACHER GUIDE

Animals and Their Actions

Weeks 22 to 24 / Child pages 68 to 71

Observable goals

- Describes an animal using an action phrase.
- Groups animals by a stated movement rule and explains an overlap.
- Answers a what or which question about an animal story.

Words and phrases

cat • dog • duck • fish • bird • walk • swim • fly

A fish can swim.

A bird can fly.

The duck can walk and swim.

Materials and practical work

Animal pictures or large models, a blue water mat and a land mat. Use paper mats secured to a table; no live animals are needed.

Independent choice and checking

Match identical animal pictures. Use reference pictures to check animal names; discuss movement sorting when an animal fits more than one group.

Adjusting for readiness

Support: Use two familiar animals and one movement contrast. Offer choices before an open question.

Extra challenge: Explain why a duck may belong with walkers and swimmers, or describe an animal using two clues.

A few minutes at home

Find two animals in a book. Take turns saying an action or making a movement clue.

Sound focus: d as in dog. Use a short /d/, not duh. Name dog and duck naturally, then listen to their first sound.

Prepare any extra lesson materials in advance. Cards: 88 to 98. The word bank includes review and enrichment; introduce only a few items at a time.

UNIT 8 | EXPLORE AND COMMUNICATE

Week 22

Each numbered lesson is a separate 18 to 25 minute encounter. Shorten or repeat as needed.

Lesson 1 Describe animal actions

1. Name cat, fish and bird using familiar pictures.
2. Model walk, swim and fly with seated actions.
3. Invite the child to pair an animal with an action phrase.

A fish can swim. A bird can fly.

Observe: Does the child link an animal with a suitable action?

Lesson 2 One animal and two actions

1. Show a duck and discuss walking and swimming.
2. Use two large mats to represent the actions; model that both can fit.
3. Invite a word, sentence or movement explaining the duck's choices.

A duck can walk and swim.

Observe: Does the child accept more than one relevant action?

Lesson 3 Sort with an explained rule

1. Offer animal pictures and name a rule such as can swim.
2. Let the child sort, discussing sensible overlapping choices.
3. Keep identical-picture matching separate from the open movement discussion.

These animals can swim.

Observe: Does the child explain the rule used for grouping?

Between lessons: Reuse greetings, requests and one familiar instruction in daily routines.

UNIT 8 | PRACTISE AND CONNECT

Week 23

Each numbered lesson is a separate 18 to 25 minute encounter. Shorten or repeat as needed.

Lesson 4 Guess my animal

1. Give two clues about one of three visible animal pictures.
2. Let the child choose and show the picture evidence.
3. Swap roles and help the child form an action clue.

It has fins. It can swim. It is a fish.

Observe: Does the child use more than one clue?

Lesson 5 Listen for d

1. Name dog and duck naturally, then isolate a crisp /d/.
2. Introduce d, contrasting it with a familiar sound card.
3. Use the sound page and return to picture meaning if uncertain.

Dog. Duck. Listen: /d/.

Observe: Does the child hear the shared initial sound?

Lesson 6 Care for animal models

1. Set out models, a cloth, mat and labelled basket.
2. Demonstrate carrying gently, arranging and dry-wiping a model.
3. Let the child complete the cycle and check the basket labels.

Carry it gently. Put it with the same animal.

Observe: Does the child handle and restore materials carefully?

Between lessons: Keep a complete familiar activity on the shelf and revisit the new sound briefly.

UNIT 8 | TELL AND APPLY

Week 24

Each numbered lesson is a separate 18 to 25 minute encounter. Shorten or repeat as needed.

Lesson 7 Follow the pond story

1. Read the story with cat, duck and fish pictures.
2. Ask which animal walks and swims in this story.
3. Invite a retelling with movement cards and an alternative sensible ending.

The duck walks, then swims.

Observe: Does the child recall an action sequence?

Lesson 8 The puppet forgets the duck

1. Let the puppet put the duck only with walkers and deny it swims.
2. Invite the child to use the story or a picture to explain.
3. Move the duck to both relevant groups or use a duplicate card.

The duck can swim too.

Observe: Does the child support a correction with an example?

Lesson 9 Create an animal clue

1. Let the child choose one picture without hiding the whole set.
2. Invite a name or action clue for a partner to interpret.
3. Record the phrase and support, then let the child illustrate an animal.

It can fly. What is it?

Observe: Does the child communicate a useful descriptive clue?

Between lessons: Let the child choose a story to revisit and record one new example of learning.

UNIT 08 | LOOK AND TALK

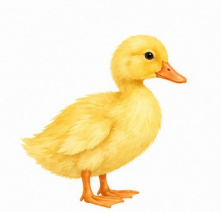

Animals and Their Actions

What can these animals do?

walk

walk and swim

swim

A fish can swim.

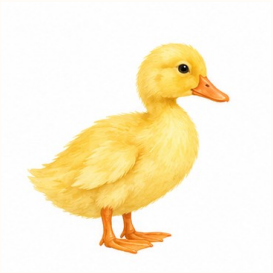

Take two turns. Ask a question, listen and respond. An adult reads and expands your words.

UNIT 08 | TRY WITH REAL THINGS

Play and discover

1 Find an animal that can swim.

A ... can swim.

2 Who can walk and swim?

The duck can ... and ...

An animal may fit more than one movement group. Tell or show why.

An adult reads. Try the activity with objects first. Speak, point, act or make marks.

UNIT 08 | AN ADULT READS ALOUD

Story and make

The cat walks by the pond.

The duck walks, then swims.

The fish swims in the water.

1 Which animal walks and swims here?

2 Draw an animal and tell what it can do.

Chant together

Walk or swim or fly up high.
Name an animal passing by.

Retell with first, then and at last. The adult reads; the story is not a decoding test.

UNIT 08 | SOUND AND LETTER D

Listen and explore sounds

d

dog

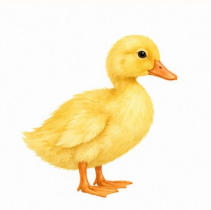

1 Find the pictures with this first sound.

dog

fish

duck

2 Trace with your finger. Say the sound.

d d d

3 Draw or point to a matching example.

Together: Listen to mat and cat. Say the rhyming part. An adult says the words before asking you to listen. Pencil writing is optional.

UNIT 9 | TEACHER GUIDE

Getting Ready Independently

Weeks 25 to 27 / Child pages 76 to 79

Observable goals

- Orders and retells a familiar three-step getting-ready routine.
- Names an item and makes a specific request for help.
- Matches pairs and completes a dressing or folding step.

Words and phrases

sock • shoe • hat • cap • bag • first • next • last

First, socks. Next, shoes.

At last, I take my bag.

Can you help me with this?

Materials and practical work

Clean socks, shoes, hat or cap, bag, cloth and sequence cards. Use large doll clothes for an alternative dressing task.

Independent choice and checking

Match socks by colour and pattern, then compare. Arrange routine cards and use a separate model to check the agreed order.

Adjusting for readiness

Support: Use two steps and two items. Stabilise materials or offer pointing and doll dressing.

Extra challenge: Explain a sensible different routine or complete three familiar actions with less adult prompting.

A few minutes at home

Choose one getting-ready step your child can do. Invite a specific request for help with another.

Sound focus: c as in cat. Teach c as /k/ in cat and cap here. Say a crisp /k/ without adding uh; other c pronunciations come later.

Prepare any extra lesson materials in advance. Cards: 88 to 98. The word bank includes review and enrichment; introduce only a few items at a time.

UNIT 9 | EXPLORE AND COMMUNICATE

Week 25

Each numbered lesson is a separate 18 to 25 minute encounter. Shorten or repeat as needed.

Lesson 1 Name what we need

1. Review sock, shoe, hat and bag with real items.
2. Add cap by comparing a baseball cap picture with a hat.
3. Invite the child to choose an item and state what they need.

I need my shoes. This is a cap.

Observe: Does the child name an item in a purposeful request?

Lesson 2 Order three routine steps

1. Demonstrate socks, shoes and bag with a puppet.
2. Mix the three cards and invite the child to rebuild the agreed routine.
3. Use first, next and at last while checking against the model.

First, socks. Next, shoes. At last, my bag.

Observe: Does the child order three familiar events?

Lesson 3 Explain a useful alternative

1. Offer a routine with putting a hat on before taking a bag.
2. Ask whether another order could also work, while keeping socks before shoes.
3. Let the child explain or demonstrate a sensible alternative.

I put on my hat first. Then I take my bag.

Observe: Does the child distinguish a necessary order from a flexible one?

Between lessons: Reuse greetings, requests and one familiar instruction in daily routines.

UNIT 9 | PRACTISE AND CONNECT

Week 26

Each numbered lesson is a separate 18 to 25 minute encounter. Shorten or repeat as needed.

Lesson 4 A specific help request

1. Offer a familiar fastening or dressing task at the child's level.
2. Model naming the item when asking for help.
3. Let the child complete what they can and request support promptly.

Can you help me with my bag?

Observe: Does the child identify the help they need?

Lesson 5 Listen for c

1. Name cat and cap and listen to their shared first sound.
2. Present c as /k/ in these examples; do not introduce other c sounds yet.
3. Use the sound page and optionally build cat from known letters.

Cat. Cap. Listen: /k/.

Observe: Does the child connect c with /k/ in the taught examples?

Lesson 6 Match fold and return

1. Offer two sock pairs differing in colour or pattern and a basket.
2. Invite matching, then demonstrate folding a pair once.
3. The child checks the pair by comparison and returns the complete set.

These socks match. Fold them and put them back.

Observe: Does the child use details and complete a practical sequence?

Between lessons: Keep a complete familiar activity on the shelf and revisit the new sound briefly.

UNIT 9 | TELL AND APPLY

Week 27

Each numbered lesson is a separate 18 to 25 minute encounter. Shorten or repeat as needed.

Lesson 7 Tell the getting-ready story

1. Read the three story panels and ask what follows socks.
2. Mix the routine cards and invite a retelling with sequence words.
3. Offer the child page for a drawing of their own useful items.

After socks, shoes. At last, the bag.

Observe: Does the child relate after to the next event?

Lesson 8 A bag on the puppet's foot

1. Let the puppet try a bag as a shoe and ask for help.
2. Invite the child to name the needed item and explain where it goes.
3. Swap roles so the child can model an accurate instruction.

That is your bag. Put on your shoe.

Observe: Does the child explain an item's usual function?

Lesson 9 Get ready with a plan

1. At a natural transition, offer the three-step picture plan.
2. Let the child choose a manageable step and request help with another.
3. Record the sequence language, practical action and support.

I can do this. Help me with my shoes, please.

Observe: Does the child combine independence with an appropriate request?

Between lessons: Let the child choose a story to revisit and record one new example of learning.

UNIT 09 | LOOK AND TALK

Getting Ready Independently

What do you need first?

first

next

last

First, socks. Next, shoes.

Take two turns. Ask a question, listen and respond. An adult reads and expands your words.

UNIT 09 | TRY WITH REAL THINGS

Play and discover

1 Put the getting-ready steps in order.

bag

sock

shoe

___ ___ ___

First, socks. Next, shoes. At last, my bag.

2 Draw something you can do yourself.

I can ... Help me with ... , please.

An adult reads. Try the activity with objects first. Speak, point, act or make marks.

UNIT 09 | AN ADULT READS ALOUD

Story and make

First, Zahraa finds her socks.

Next, she puts on her shoes.

At last, she takes her bag.

1 What comes after socks?

2 Draw what you need before going out.

Chant together

First and next and last we say.
I can get ready for my day.

Retell with first, then and at last. The adult reads; the story is not a decoding test.

UNIT 09 | SOUND AND LETTER C

Listen and explore sounds

C

cat

1 Find the pictures with this first sound.

cat

dog

cap

2 Trace with your finger. Say the sound.

C C C

3 Draw or point to a matching example.

Together: Find m, a, t. Blend only if the child is ready. An adult says the words before asking you to listen. Pencil writing is optional.

UNIT 10 | TEACHER GUIDE

Our Garden and Weather

Weeks 28 to 30 / Child pages 84 to 87

Observable goals

- Describes something observed in nature with a short phrase.
- Chooses a weather picture using current observation.
- Explains and carries out a simple plant-care sequence with support.

Words and phrases

sun • rain • cloud • tree • flower • leaf • water • grow

It is sunny today.

The leaf is green.

First, check. Then, water.

Materials and practical work

A safe plant, large clean leaves, a small jug, tray, cloth and weather cards. Use photographs or the view through a window when outdoor access is unavailable.

Independent choice and checking

Match leaves and flowers to reference pictures. Check weather by observation and the plant-care arrangement against a photograph.

Adjusting for readiness

Support: Offer two weather choices, one observation and a light jug with limited water.

Extra challenge: Describe two features of a plant or explain why watering is needed now or can wait.

A few minutes at home

Notice the weather and describe one plant. Help water only when it needs water.

Sound focus: f as in fish. Stretch /f/ gently with the upper teeth near the lower lip, not fuh. Name fish and flower first.

Prepare any extra lesson materials in advance. Cards: 88 to 98. The word bank includes review and enrichment; introduce only a few items at a time.

UNIT 10 | EXPLORE AND COMMUNICATE

Week 28

Each numbered lesson is a separate 18 to 25 minute encounter. Shorten or repeat as needed.

Lesson 1 Observe today's weather

1. Look through a window before offering sun, rain and cloud pictures.
2. Describe one visible clue without requiring a single weather type.
3. Let the child select one or more accurate pictures and explain.

It is cloudy today. I can see clouds.

Observe: Does the child use observation rather than a memorised answer?

Lesson 2 Describe a leaf

1. Offer large clean leaves from known safe plants.
2. Model a colour or size description, then invite careful comparison.
3. Let the child choose a leaf and describe one or two features.

This leaf is green. It is bigger.

Observe: Does the child use a descriptive feature grounded in observation?

Lesson 3 Plan plant care

1. Show a safe plant, small jug, cloth and tray.
2. Explain checking the soil before deciding whether water is needed.
3. Arrange check, water and tidy picture cues and act out the plan.

First, check. Then, water if needed.

Observe: Does the child connect the care action with the plant's need?

Between lessons: Reuse greetings, requests and one familiar instruction in daily routines.

UNIT 10 | PRACTISE AND CONNECT

Week 29

Each numbered lesson is a separate 18 to 25 minute encounter. Shorten or repeat as needed.

Lesson 4 Compare living things

1. Look at a real plant and a toy or picture of one.
2. Discuss which can grow and which represents a plant.
3. Invite the child to point to evidence and name a care action.

The real plant can grow. It needs care.

Observe: Does the child distinguish an object from its representation?

Lesson 5 Listen for f

1. Name fish and flower, then gently hold the initial /f/.
2. Connect the sound with f and review three familiar letters.
3. Offer the sound page; oral blending on page 99 is optional after secure sound links.

Fish. Flower. Listen: /f/.

Observe: Does the child recall the new sound and some earlier links?

Lesson 6 Care for the class plant

1. Use the agreed plan with a plant that needs water.
2. Supervise a small slow pour, then invite wiping and returning materials.
3. Compare the final arrangement with a photograph and describe what changed.

Pour slowly. Wipe the tray. Put it back.

Observe: Does the child carry out and explain the care sequence?

Between lessons: Keep a complete familiar activity on the shelf and revisit the new sound briefly.

UNIT 10 | TELL AND APPLY

Week 30

Each numbered lesson is a separate 18 to 25 minute encounter. Shorten or repeat as needed.

Lesson 7 Tell the garden story

1. Read the unit story and show the care materials.
2. Ask what happens after watering and invite an action response.
3. Retell the sequence with first, then and at last.

After watering, we wipe and put things back.

Observe: Does the child recall the final care steps?

Lesson 8 The puppet waters a drawing

1. Have the puppet carry an empty jug towards a drawing.
2. Invite the child to explain where water is useful and when it is needed.
3. Let the child guide the puppet through the real care plan without overwatering.

Water the real plant when it needs it.

Observe: Does the child explain a useful distinction?

Lesson 9 Share my learning

1. Offer familiar work from two earlier units and the garden materials.
2. Let the child choose, explain, ask for a tool and complete a task.
3. Record strengths and one next step, then celebrate effort with a chosen story.

I can show you. First this, then this.

Observe: Does the child combine conversation, planning and independence?

Between lessons: Let the child choose a story to revisit and record one new example of learning.

UNIT 10 | LOOK AND TALK

Our Garden and Weather

What can you see in the garden?

sun

cloud

flower

It is sunny today.

Take two turns. Ask a question, listen and respond. An adult reads and expands your words.

UNIT 10 | TRY WITH REAL THINGS

Play and discover

1 Look outside and describe the weather.

sun

cloud

rain

Today it is ...

2 Draw a plant and one thing it needs.

My plant needs ...

An adult reads. Try the activity with objects first. Speak, point, act or make marks.

UNIT 10 | AN ADULT READS ALOUD

Story and make

We look at our little plant.

It needs water. We pour slowly.

We wipe the tray and put things back.

1 What do we do after watering?

Tell or act out what happens next.

2 Draw a plant and tell how you care for it.

Chant together

Look at a leaf. Look at the sky.
Water gently when the soil is dry.

Retell with first, then and at last. The adult reads; the story is not a decoding test.

UNIT 10 | SOUND AND LETTER F

Listen and explore sounds

f

fish

1 Find the pictures with this first sound.

fish

cat

flower

2 Trace with your finger. Say the sound.

f f f

3 Draw or point to a matching example.

Together: Choose three known letters and recall their sounds. An adult says the words before asking you to listen. Pencil writing is optional.

REUSABLE MATERIALS | SHEET 1 OF 6

Picture cards

An adult cuts the cards. Print a second copy for matching. Use a few cards at a time.

 ball	 cup
 spoon	 book
 chair	 bag
 shoe	 sock

REUSABLE MATERIALS | SHEET 2 OF 6

Picture cards

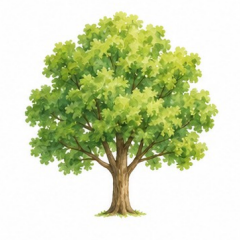

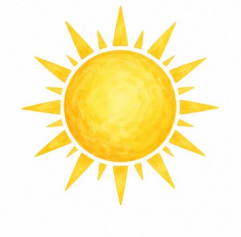

An adult cuts the cards. Print a second copy for matching. Use a few cards at a time.

 hat	 apple
 banana	 orange
 cat	 dog
 duck	 fish

REUSABLE MATERIALS | SHEET 3 OF 6

Picture cards

An adult cuts the cards. Print a second copy for matching. Use a few cards at a time.

 bird	 leaf
 flower	 tree
 sun	 cloud
 rain	 house

REUSABLE MATERIALS | SHEET 4 OF 6

Picture cards

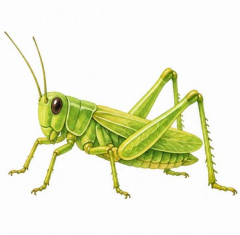

An adult cuts the cards. Print a second copy for matching. Use a few cards at a time.

 happy	 sad
 tired	 hello
 stand	 sit
 jump	 clap

REUSABLE MATERIALS | SHEET 5 OF 6

Picture cards

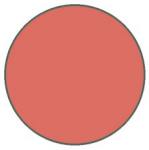

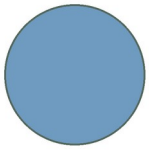

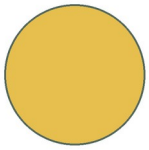

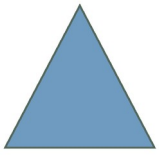

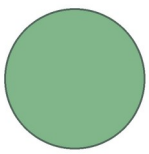

An adult cuts the cards. Print a second copy for matching. Use a few cards at a time.

 family	 girl
 boy	 hand
 pen	 insect
 nest	 mat

REUSABLE MATERIALS | SHEET 6 OF 6

Picture cards

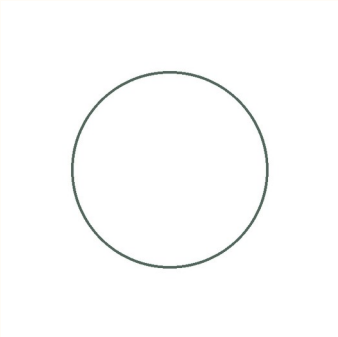

An adult cuts the cards. Print a second copy for matching. Use a few cards at a time.

 cap	 map
 red circle	 blue circle
 yellow circle	 red square
 blue triangle	 green circle

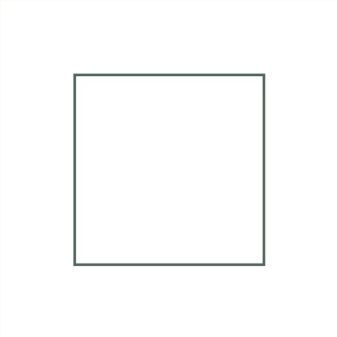

REUSABLE SHAPE AND COLOUR MATS

Sort and check

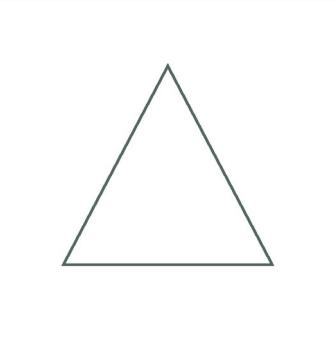

Sort by shape.

circle

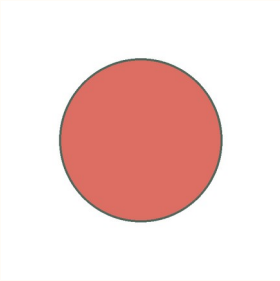

square

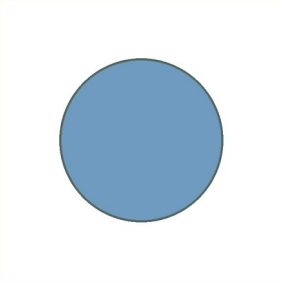

triangle

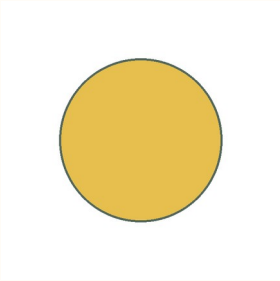

Then try a colour rule.

red

blue

yellow

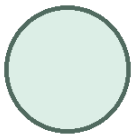

Use same-size shapes and sort by one feature. Compare with the outlines or colour samples. Try a two-feature rule only after each feature is secure.

Make your own sorting rule.

REUSABLE QUANTITY MATS FROM ONE TO FIVE

Count and match

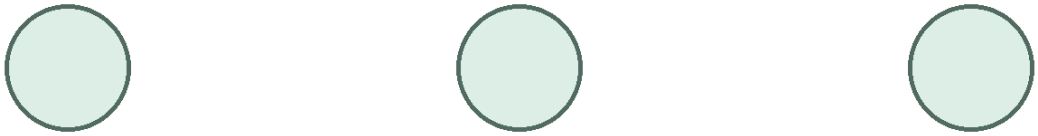

1 one

2 two

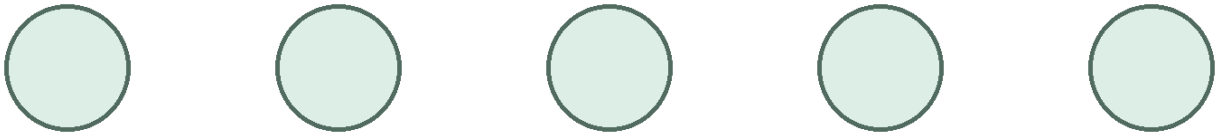

3 three

4 four

5 five

Place one large counter or object in each space. Touch each once. An adult can cover unused rows. Begin with one to three and extend to five when useful.

REUSABLE SEQUENCE CARDS

Put three steps in order

Our example routine

First, socks.

Next, shoes.

At last, my bag.

Cut the cards and try the sequence.

bag

shoe

sock

An adult prepares the cards. Keep the top row as the checking model. Children can point in order, move cut-outs or ask an adult to add numbers. Discuss sensible alternatives in their own routines.

Tell your own three-step routine.

ADULT PREPARATION | SET 1 OF 2

Sound and letter cards

Name the picture first. Say its initial sound, then connect it to the lowercase letter. These are visual cards; they are not tactile sandpaper letters.

s	 sun
a	 apple
t	 tired
p	 pen
i	 insect

Print extra copies to create matching sets. The child recognises before recalling. Keep spoken sound work playful and brief.

ADULT PREPARATION | SET 2 OF 2

Sound and letter cards

Name the picture first. Say its initial sound, then connect it to the lowercase letter. These are visual cards; they are not tactile sandpaper letters.

n	 nest
m	 mat
d	 dog
c	 cat
f	 fish

Print extra copies to create matching sets. The child recognises before recalling. Keep spoken sound work playful and brief.

OPTIONAL EXTENSION USING TAUGHT SOUND LINKS

Build a word when ready

Use this page only after the child can recall the required sounds and blend them orally. The adult reads these instructions. Copying a word by its shape alone is a matching task, not evidence of reading.

Large movable letters

s	a	t	p	i
n	m	d	c	f

An adult cuts and supervises the cards. Print duplicates for repeated letters.

Word cards to check after building

sat	**pin**	**mat**
map	**cat**	**cap**

Hear build blend and check

Say a familiar word naturally, then slowly identify its sounds. For mat, use /m/ /a/ /t/ with short a. Select m, a and t from left to right. Blend the sounds together, then match the meaning to a mat or picture. Reveal the word card to check the spelling.

These spaces hold one letter per sound for the six selected words. Keep word cards hidden until after the attempt. Return to sound matching whenever blending needs more support.

NOTICE LEARNING DURING MEANINGFUL PLAY

Child observation record

Child: _____ Dates: _____

Record exact words or actions and the help provided. Use beginning to try, with support or independently. These are descriptions, not scores.

Skill	Evidence and date	Support and next step
Two-turn exchange		
Description or question		
Two-step instruction		
Story sequence		
Sound recognition		
Sound and letter link		
Counting or sorting		
Independent work		

One useful observation

The child placed four cups on four spaces, counted each once and asked for another cup. No model was needed. Next step: request a set of five without the mat, then use it to check.

Family observation: _____
A task to revisit: _____

A FEW ENJOYABLE MINUTES OF ENGLISH

Family guide

Choose a familiar activity, speak naturally and wait for your child's response. Keep using the home language. Expand a word into a short phrase without correcting every attempt. Stop before the child becomes tired.

1. Our Friendly Classroom

Take turns requesting a book and returning it. Ask your child to tell you where it belongs.

2. People Who Care for Me

Choose a family picture together. Invite a short introduction and talk about one way to help.

3. Move and Tell

Take turns giving two comfortable movement instructions. Let your child lead the final round.

4. Feelings and Friendship

Model a real request for help and respond warmly. Let your child choose whether to discuss feelings.

5. Colours Shapes and Patterns

Make a red-blue pattern with large objects. Invite your child to continue it and say the colours.

6. Where Things Belong

Hide a toy in plain sight near a familiar object. Ask where it is and let your child guide you.

7. Snack Time and Numbers

Set one cup for each person, up to five. Let your child request fruit or politely decline.

8. Animals and Their Actions

Find two animals in a book. Take turns saying an action or making a movement clue.

9. Getting Ready Independently

Choose one getting-ready step your child can do. Invite a specific request for help with another.

10. Our Garden and Weather

Notice the weather and describe one plant. Help water only when it needs water.

Read favourite stories together, talk about the pictures and let your child explain. Letter naming and word reading are not required to enjoy the booklet. Tell the teacher about one successful interaction or a task needing more support.

ADULT REFERENCE FOR CHILD PAGES

Activity answer guidance

Unit and page	How to check
1 / 13	Choose a book, then sit. Requests depend on the chosen object.
2 / 21	Introductions depend on the family picture. Personal drawings are open-ended.
3 / 29	Under jump, clap, sit: 2, 1, 3. The child may point or act instead of writing.
4 / 37	The tired face is the middle picture. Accept a sensible explanation. Personal feelings are not corrected.
5 / 45	Shapes: circle, square, triangle. After red-blue-red-blue, the next two are red and blue.
6 / 53	Between: the ball goes in the gap with one cup on each side. Other clues depend on the chosen position.
7 / 61	Four apples and five bananas. Place five objects, one per circle.
8 / 69	Duck and fish can swim. The duck is the pictured animal that can both walk and swim.
9 / 77	Under bag, sock, shoe: 3, 1, 2 for the model routine. Discuss sensible personal variations.
10 / 85	Weather answers follow observation and can include more than one condition. Plant drawings vary.

Story questions

1: book | 2: book

3: clap | 4: Ahmad

5: blue | 6: in the box

7: banana | 8: duck

9: shoes | 10: wipe the tray and put things back

Look-and-talk pages invite discussion. Drawing, personal choices and imagined endings have no single correct answer. Ask the child to show the reason for a different factual answer before modelling again.

TEACHER REFERENCE AND CHECKING MODELS

Sound and materials answers

Unit and page	Letter	Sound examples
1 / 15	s	sun, sock, spoon
2 / 23	a	apple, ant
3 / 31	t	tired, tap
4 / 39	p	pen, pat
5 / 47	i	insect, in
6 / 55	n	nest, nose
7 / 63	m	mat, map
8 / 71	d	dog, duck
9 / 79	c	cat, cap
10 / 87	f	fish, flower

On each unit sound page, the first and third pictures share the target initial sound. Name all three pictures before asking the child to choose. A letter-shaped mark does not by itself show sound understanding.

Tracing models

s a t p i n m d c f

Use a consistent school handwriting model. Trace slowly with a finger before optional pencil work.

Reusable materials

Cards on pages 88 to 93 match identical copies. Page 94 changes from a shape rule to a colour rule. Page 95 has one, two, three, four and five spaces. Page 96 models socks, shoes and bag; the mixed row is 3, 2, 1.

Page 99 checks: sat = s-a-t; pin = p-i-n; mat = m-a-t; map = m-a-p; cat = c-a-t; cap = c-a-p. Each selected word has three sounds and three letters. Establish the meaning of pin with an adult-held real example or explanation before blending.

Sound progress is cumulative and flexible. Keep an individual note of secure links, supported links and links not yet introduced. Provide more oral practice and meaningful examples rather than rushing to the next letter.

NOTES FOR TEACHERS

References and preparation

The lesson sequence, stories, chants and activities were created for this booklet. The sources below inform broad principles, not a claim of endorsement or formal alignment. Adapt the age range, schedule and sound order to the children and your institution.

1 Montessori principles

Prepared materials, child choice, independent practical work and sustained concentration inform the practical activities.

American Montessori Society • Core components

2 Early communication and literacy

Conversation about stories, phonological awareness, attention to print and appropriate adult support inform the language strand. Development Matters is guidance for England; it is used here as a planning reference rather than a mandatory local standard.

Department for Education • Development Matters

Preparing the materials

Print cards on sturdy paper and have an adult cut them. Use only a small selection at once. Keep duplicates or completed models for checking. Store activity sets on separate trays and add real objects before picture work. Supervise all loose materials and use safe substitutes where needed.

Printing and editing

Pages are Letter size. Print at actual size on Letter paper or choose fit to page for A4. Colour printing helps with the colour activities. Text and tables are editable in Word; illustrations are embedded images. Recheck pagination after major edits.

Keep play respectful

Puppet mistakes invite children to help; the child's mistakes are never the joke. Personal sharing, singing and acting are optional. Keep photographs and observation records private and celebrate specific efforts.

I CAN DESCRIBE PLAN AND SHARE

My KG2 learning celebration

This celebrates

_____

for exploring, communicating and growing in independence.

I can describe. I can try. I can ask for help.

Teacher _____
